OBJECTIVE

1. To create a platform to educate and inform people about the critical environmental issues facing our planet. It helps individuals understand the urgency and importance of taking action
2. To encourage commitment to protect and foster the environment.
3. Mobilizing Collective Action specially from the student community.

Environment Day is celebrated worldwide on June 5th each year, serving as a reminder of our responsibility to protect and conserve the environment. Environment Day Pledge, was taken by about 60 student volunteers creating awareness and fostering sustainable actions concerning the environment.

The Environment Day Pledge serves as a powerful catalyst for change, inspiring individuals to take responsibility for the environment and encouraging them to adopt sustainable practices. The impact of this collective commitment extends far beyond the symbolic act of pledging, as it translates into concrete actions and policy changes that contribute to a greener and more sustainable world. By honoring the Environment Day Pledge, we can foster a future in which the environment thrives, and future generations can enjoy a healthy and vibrant planet.

event saw active participation from NSS Volunteers from various colleges, creating a collaborative effort to combat deforestation and contribute to a greener future.

The event commenced with an orientation session, where the significance of tree plantation was explained, highlighting its impact on the environment, biodiversity, and climate change mitigation.

Plantation Drive: Participants were provided with tree saplings and guided to designated areas within the INS Hamla premises. They actively participated in planting the saplings while following proper planting techniques.

The volunteers first cleared the ground of stones, then dug pits, put manure and cocopit. There were about 23 different variety of plants such as Neem, Mango, Amla, Guvava, Chikku, Nimbu and such. Each one of our volunteers planted about three plants each thus a total of 33 plants were planted by our volunteers. Overall, there were more than 250 volunteers and about 600 saplings were planted.

Key highlights:

Prior to the verification process, necessary arrangements were made to facilitate smooth conduct. This included organising teams, gathering necessary tools such as barcode scanners or inventory lists, and scheduling the activity at a convenient time.

The verification process commenced with teams assigned to different sections of the library. Throughout the verification process, detailed records were maintained to document findings accurately. This documentation would serve as a reference for subsequent actions, such as reordering missing items or updating the inventory database.

A report summarising the findings and actions taken was prepared.

Conclusion: The library stock check was done carefully to make sure everything is in order. This helps keep the library running smoothly and ensures everyone can use library services efficiently.

Blue Ribbon Movement ACTATHON

Date: 15th July 2023

Day: Saturday

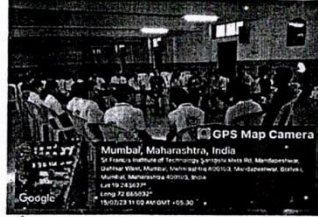

Time: 10:00 am 12:30 am

Venue: SFIT Auditorium

Coordinators - SFIT NSS Unit/ Blue Ribbon Movement

No. of Participants: 23

Department wise participants:

Objective:

1. To foster a sense of civic responsibility among participants by engaging them in discussions about community issues and encouraging active participation in problem-solving.
2. To increase awareness about the Blue Ribbon Movement and its role in facilitating citizen-government collaboration to address local issues effectively.
3. To empower participants to take concrete actions towards community development by reporting issues to government services and actively participating in solutions.
4. To create a platform for dialogue and collaboration between volunteers, local residents, and government representatives to identify and address community needs.

Introduction:

On 15th July 2023, the Blue Ribbon Movement conducted an event under "Community Connect" wherein they helped the volunteers to understand their city better. This event brought together volunteers to envision and plan a city of their own, reflecting on the challenges faced by their current residing city, Mumbai, and exploring avenues for positive change. Through engaging

activities and discussions, participants gained insights into community issues and explored solutions in collaboration with local residents and government services.

Key Highlights:

The event commenced with volunteers forming a circle, introducing themselves, and sharing their motivations for participating. This ice-breaking session facilitated networking and set the stage for collaborative discussions.

City Planning Activity: Volunteers were then divided into groups and tasked with planning their own city, envisioning its architecture, infrastructure, and amenities. Through creative brainstorming and drawing, participants explored ideas for creating sustainable and inclusive urban spaces.

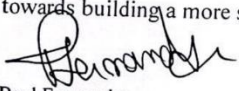

Following the city planning activity, participants engaged in discussions about the challenges faced by Mumbai, including issues such as slums, infrastructure deficiencies, and development barriers. This reflective session prompted critical thinking and dialogue about potential solutions.

A presentation by representatives of the Blue Ribbon Movement introduced participants to the organization's mission, services, and platforms for citizen engagement. Volunteers learned about government services, including their Twitter, WhatsApp, and website, for reporting and resolving community issues.

Volunteers then ventured into the adjoining locality to interact with residents, identify local issues, and report them to government services through NSS channels. By actively engaging with the community and reporting issues such as potholes and garbage, participants demonstrated their commitment to creating positive change. Upon returning to the college, volunteers collectively discussed their interactions with locals and brainstormed solutions to address pressing community issues.

By pledging their commitment to the betterment and overall development of our city, each volunteer affirmed their role as active agents of change and pledged to contribute their efforts towards building a more sustainable, inclusive, and thriving community.

The initiative aimed to engage students and faculty members in fostering a greener environment and promoting sustainability within the college community.

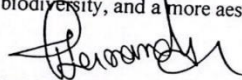

Key Highlights:

Tree Varieties Planted:

Ashoka Trees (4): Ashoka trees were chosen for their ability to thrive in urban environments and their contribution to aesthetic greenery. Neem Trees (4): Neem trees were planted to bolster ecological balance and offer health benefits. Apta Trees (4): Apta trees, also known for their dense foliage and significance in traditional practices, were included to support biodiversity and environmental resilience.

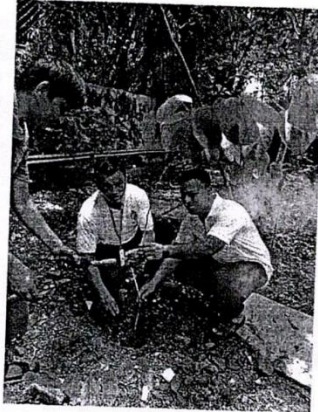

The tree plantation drive served as an educational platform for students to learn about the importance of trees in maintaining ecological balance and mitigating environmental challenges such as climate change and deforestation.

KEY HIGHLIGHTS:

The Food Donation Drive held on August 10, 2023, in collaboration with the Robin Hood Army, showcased remarkable highlights during the VASAI team's dedicated efforts. Commencing their journey at 9:00 AM from Vasai, the team covered a distance of 25 kilometers in 45 minutes, reaching Sakawar Village situated at the foothill of Tak Mak Fort in Virar East near the highway. With 11 Robin Hoods actively participating in the field operations, the local SPOCs played a crucial role in facilitating a seamless execution of the event.

Despite the logistical challenges, the VASAI team efficiently managed the distribution, taking more than three hours to deliver 96 kits to the residents of the 1st Pada and 40 kits to those in the 2nd Pada.

These kits, containing essential items such as 4kg rice, 5kg wheat flour, 1kg dal, 1kg oil, and 1/2 kg salt/sugar, aimed at providing sustenance to the underserved communities. The collaborative spirit and determination exhibited by the team underscored the drive's success in making a meaningful impact on the lives of the recipients, reinforcing the importance of community-driven initiatives in addressing food insecurity. The event not only brought nourishment but also served as a symbol of compassion and shared responsibility within the community.

Dear Sir / Madam,

We thank you for giving us an opportunity to introduce our organization, Robin Hood Army (RHA) and its activities to your esteemed School.

RHA is a volunteer organization which collects grains/ meals/ surplus food from communities/ organisations/restaurants and serves it to the less fortunate across the country. We are now present in 300+ cities across India and have served 122.8 million people till date. What is unique in our model which is a Harvard case study today - there is no money involved, and every Robin (there are 2.5 Lakh of us) does this in their free time. Further information on RHA is available on our website <https://robinhoodarmy.com/>

This Independence Day we are working with institutions, communities, businesses and media houses across the country to take the serving beyond cities into the rural heartland. We will serve 10 million people across 1000 villages in #MissionSwades. We have executed similar campaigns in the past.

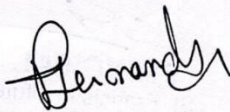

We invite your school and the students to join hands with us for #MissionSwades. This would be an excellent opportunity for your students to contribute to helping our less privileged fellow citizens. We request you to encourage your students to contribute in the form of providing daily ration items like rice, flour, dal in one kg packets to be distributed as part of this mission. Contribution should be completely voluntary both in terms of participation and in terms of amount of ration they would like to contribute. We further suggest that interested students could join us for our drives which would give them a great opportunity to bring about some difference in the lives of those less fortunate.

I look forward to your positive response on the matter and would be happy to personally meet you, should you need any further information.

Warm regards

Yours truly,

Dear Sir / Madam,

We'd like to begin by expressing a big **thank you** for your unwavering support and remarkable contribution to #MissionSwades. Your partnership played a pivotal role in ensuring the success of our mission to serve millions of citizens in need.

Each year, Independence Day is a special one for us at RHA but this year was yet another reminder of what we truly stand for - that we as Humans can touch lives in so many ways.

#MissionSwades wouldn't have been as successful without the collaborative spirit that you brought to the table. Your organisation and the entire team embodied true teamwork and only cemented our belief in the power of collective action for the betterment of society :)

Attached below are snapshots of some of the unforgettable moments we had in Rural India during #MissionSwades.

No numbers can come close to the blessings we received and the smiles we lit up, but - we served 1,414 villages and 9.1M meals across the country.

Once again, thank you for being an integral part of this journey and for helping us make a tangible difference in the lives of millions.

Dear Sir / Madam,

We thank you for giving us an opportunity to introduce our organization, Robin Hood Army (RHA) and its activities to your esteemed School.

RHA is a volunteer organization which collects grains/ meals/ surplus food from communities/ organisations/restaurants and serves it to the less fortunate across the country. We are now present in 300+ cities across India and have served 122.8 million people till date. What is unique in our model which is a Harvard case study today - there is no money involved, and every Robin (there are 2.5 Lakh of us) does this in their free time. Further information on RHA is available on our website <https://robinhoodarmy.com/>

This Independence Day we are working with institutions, communities, businesses and media houses across the country to take the serving beyond cities into the rural heartland. We will serve 10 million people across 1000 villages in #MissionSwades. We have executed similar campaigns in the past.

We invite your school and the students to join hands with us for #MissionSwades. This would be an excellent opportunity for your students to contribute to helping our less privileged fellow citizens. We request you to encourage your students to contribute in the form of providing daily ration items like rice, flour, dal in one kg packets to be distributed as part of this mission. Contribution should be completely voluntary both in terms of participation and in terms of amount of ration they would like to contribute. We further suggest that interested students could join us for our drives which would give them a great opportunity to bring about some difference in the lives of those less fortunate.

I look forward to your positive response on the matter and would be happy to personally meet you, should you need any further information.

Warm regards

Yours truly,

Rosita Nazareth

On August 19, 2023, a vital session on adolescent psychology was held at the SFIT Auditorium, with a particular focus on the pressing issue of cyberbullying. The session was conducted by Helen Fonseca, an esteemed ex-magistrate from the Child Welfare Committee (CWC) in Mumbai, and was attended by 125 participants, primarily first-year students.

The session began with Helen Fonseca highlighting the significance of understanding adolescent psychology, particularly during the formative years of high school and college. She effectively outlined the impact of social media on mental health and self-esteem, introducing the concept of cyberbullying as a prevalent and serious issue facing today's youth.

She provided a comprehensive definition of cyberbullying, explaining how it differs from traditional bullying and how the anonymity of the internet can exacerbate its effects. She shared real-life cases and statistics, emphasizing the psychological toll that cyberbullying can take on adolescents, including anxiety, depression, and in severe cases, self-harm. She emphasized the importance of creating a supportive environment where students feel safe to speak out and seek help.

Practical strategies for prevention and intervention were also discussed. Helen advised students on how to respond to cyberbullying, including documenting incidents, blocking offenders, and seeking assistance from trusted adults or authorities. She highlighted the role of empathy and kindness in combating bullying, urging participants to foster a positive online culture.

The session concluded with a Q&A segment, where students expressed their concerns and shared personal experiences. Helen's insights resonated deeply, leaving participants with a greater awareness of the challenges of cyberbullying and the tools to address it.

Awareness Session on Dengue & Malaria

19

REPORT

AWARENESS ON HYGEINE/ CLEANLINESS AND HEALTH/DENGUE AND MALARIA

Date: 19, August, 2023

Day: Saturday **Time:** 10 am to 1pm

Venue: Shivaji Nagar community ,Borivali-west

No. of participants: 44 NSS Volunteer

CMPN	ELEC	EXTC	INFT	MECH	FE	STAFF	TOTAL
14	2	11	15	00	01	01	44

Objectives:

- To spread out the awareness about Cleanliness and Hygiene
- To make people aware of the symptoms and preventive methods of dengue and malaria
- To impart the knowledge of Do's and Don'ts in order to keep the living places clean and hygienic.

Process:

About 53 NSS volunteers gathered around 10am at the SFIT College premises to participate in the Awareness on Hygiene/ Cleanliness and Health/Dengue and Malaria.

After preparing the posters the NSS Volunteers proceeded to their selected areas. By seeing their living conditions which are very unhygienic and unhealthy they felt that the people in those areas need such kind of awareness programmes. There may not be change overnight but constant repetition of such awareness programmes will surely make a difference. The people took interest to know about the clean India Campaign and about health problems due to uncleanliness.

The objectives of the programme were achieved and the volunteers felt that they need more such programmes to help the people to lead a clean, healthy and hygienic life. The people appreciated the efforts taken by our NSS volunteers.

members, enhancing the bond between teachers and students and ensuring a warm and appreciative atmosphere during the event.

KEY HIGHLIGHTS:

In the lead-up to SFIT's Teachers' Day celebration, a thoughtful initiative unfolded as eight enthusiastic volunteers from the NSS unit stepped forward to infuse a personal touch into the event. Each volunteer was entrusted with the responsibility of writing sweet notes on personalized greeting cards intended for the esteemed faculty members. This task was meticulously organized to ensure that every teacher received a unique and heartfelt message, acknowledging their individual contributions to the academic journey of SFIT students.

A day before the event, the NSS volunteers immersed themselves in the task at hand, each one carefully crafting sweet and appreciative notes for the teachers. The intention was not only to express gratitude but also to create a tangible and lasting connection between students and faculty. With 10-15 cards assigned to each volunteer, the effort was well-coordinated to efficiently manage the substantial number of cards, guaranteeing that no teacher was left without a personalized token of appreciation.

As the notes were written down, the volunteers aimed to encapsulate the sentiments of respect, admiration, and gratitude that students collectively felt for their teachers. This initiative became an integral part of the larger Teachers' Day celebration, adding a layer of sincerity and personalization that would resonate deeply with the academic community at SFIT.

OBJECTIVE

1. To increase public awareness about suicide prevention.
2. Promote open dialogue and reduce stigma by highlighting accessible resources for suicide prevention.
3. To cultivate a community spirit and provide support for individuals impacted by suicide.

INTRODUCTION:

The Life Saviors Walkathon, a significant event aimed at fostering awareness and understanding surrounding the escalating issue of suicides, took place on September 9, 2023, at the esteemed YMCA ground. This impactful initiative was organized with a two-fold purpose: to shed light on the increasing incidence of suicides and to provide valuable insights into the root causes, fostering a sense of collective responsibility.

Held at the YMCA ground, the Walkathon served as a rallying point for the community, bringing together individuals from diverse backgrounds to address the pressing concern of rising suicide rates. The event was not only a physical demonstration of solidarity but also a platform to disseminate vital information about the multifaceted factors contributing to this alarming trend.

KEY HIGHLIGHTS :

The Life Saviors Walkathon, held at the YMCA ground, unfolded with the assembly of dedicated NSS volunteers at 7:30 AM. Comprised of students from various colleges, these volunteers were entrusted with impactful posters adorned with compelling slogans aimed at promoting the crucial message of suicide prevention. Before embarking on the 5 to 6 KM march, the participants received a brief yet informative introduction to the Walkathon, including essential instructions for a successful event.

The march itself wove through the vibrant locales of IC Colony and Dahisar West, encapsulating a peaceful and purposeful journey back to the YMCA ground by 9:20 AM. The volunteers, having effectively conveyed the message of suicide prevention and highlighted its root causes through their slogans, were warmly welcomed with refreshments upon their return.

Post-Walkathon, the Global Suicide Prevention Squad took center stage to provide enlightening insights into the current escalation of suicides. In a final segment, the volunteers were informed about the ongoing initiatives and events conducted by the Global Suicide Prevention Squad, underlining the Walkathon's role as a catalyst for sustained community awareness and engagement in the critical cause of mental health and suicide prevention.

International Coastal Clean-up Day Versova Beach Cleanup

International Coastal Cleanup Day

Date: 16th September 2023
Day: Saturday
Time: 8 am to 10 am
Venue: Versova Beach
Coordinators:

OBJECTIVES:

1. To protect coastal ecosystems and marine life by gathering together to clean up the marine debris and litter from the beach coastlines.
2. To raise awareness about the impact of water pollution on the environment and implement practices to conserve marine biodiversity.
3. To foster community involvement and develop a sense of responsibility among the students by participating in a worldwide initiative.

Introduction:

International Coastal Cleanup Day was celebrated on 16th September 2023 through a Mega Beach Cleanup Drive. The drive took place at Versova Beach in collaboration with Mr. Afroz Shah, an Indian environmental

activist, best known for organizing the world's largest beach cleanup project. The event aimed to reduce water and land pollution on the Versova Beach coastline through collective student participation.

Key Highlights:

The beach cleanup drive, an initiative led by environmental activist Mr. Afroz Shah, involved the participation of thousands of volunteers including students, local residents and environmental enthusiasts. We were provided with rubber gloves and large baskets to help with the collection and removal of trash from the coastline. We were accompanied by Mr. Paul Fernandes, the Programme Officer of NSS SFIT.

There were government garbage trucks parked around us, with garbage collectors helping us dump the trash in them. We picked up as much trash as we could in the baskets and then carried the baskets to the trucks and emptied them, all in the hours allotted to us. As the program came to an end, all the participating volunteers were gathered around circularly by an environmental activist. They addressed and thanked us for our efforts, also educating us about the importance of responsible waste management and providing us with ideas on sustainable conservation practices. We were then escorted towards food camps where they had arranged complementary snacks and refreshments in order to drive away our hunger and thirst.

कवी कुसुमाग्रज

कवी कुसुमाग्रज यांचे मूळ नाव विष्णू वामन शिरवाडकर उर्फ वि. वा. शिरवाडकर. कवी कुसुमाग्रज यांचा जन्म २७ फेब्रुवारी १९१२ ला पुण्यामध्ये झाला. त्यांचे प्राथमिक व माध्यमिक शिक्षण मात्र नाशिक व मुंबई येथून झाले.

वि. वा. शिरवाडकर यांनी " कुसुमाग्रज" हे टोपण नाव का धारण केले? असा प्रश्न बऱ्याच जणांना पडतो. आणि त्या प्रश्नाचे उत्तर जाणून घेण्याची उत्सुकतासुद्धा बऱ्याच मराठी मनांमध्ये असते. तर वि. वा. शिरवाडकरांच्या संपूर्ण भावंडांमध्ये एकच बहीण होती. तिचे नाव होते "कुसुम". आणि वि. वा. शिरवाडकर हे कुसुम पेक्षा वयाने मोठे होते. म्हणून त्यांनी त्यांचे टोपण नाव त्यांच्या बहिणीच्या सन्मानार्थ वाहिले आहे. 'कुसुमाग्रज' म्हणजे कुसुमचा अग्रज. म्हणजेच कुसुमपेक्षा मोठा असा त्याचा अर्थ होतो.

कुसुमाग्रज यांचे कुसुमाग्रज जीवनलहरी (१९३३), विशाखा (१९४२), किनारा (१९५२), मराठी माती (१९६०), स्वगत (१९६२), हिमरेषा (१९६४) व वादळवेल (१९७०) हे त्यांचे काही प्रकाशित काव्यसंग्रह आहेत. यांपैकी 'विशाखा' तर मराठी काव्यजगातील मुकुटमनीच मनाला जातो. त्यांच्या विशाखा या काव्यसंग्रहाणे आपली स्वतःची वेगळी अशी काव्यशैली निर्मिली आहे.

शिरवाडकरांच्या स्वतंत्र नाटकांत दुसरा पेशवा (१९४७), कौंतेय (१९५३), आमचं नाव बाबुराव (१९६६), ययाति आणि देवयानी (१९६६), वीज म्हणाली धरतीला (१९७०), नटसम्राट (१९७१) यांचा समावेश होतो.

शिवाय, दूरचे दिवे (१९४६), वैजयंती (१९५०), राजमुकुट (१९५४), ऑथेल्लो (१९६१) व बेकेट (१९७१) ही त्यांची नमुनेदार रूपांतरित नाटके आहेत, त्यांच्या "नटसम्राट" या नाटकाने तर मराठी मनावर गेल्या दशकांमध्ये राज्य केलं आहे. आणि अजूनही ते चालूच आहे.

'ओळखलत का सर मला?' पावसात आला कोणी,
कपडे होते कर्दमलेले, केसांवरती पाणी.

क्षणभर बसला नंतर हसला बोलला वरती पाहून,
'गंगामाई पाहुणी आली, गेली घरट्यात राहुन'.

माहेरवाशिणीसारखी चार भिंतीत नाचली,
मोकळ्या हाती जाईल कशी, बायको मात्र वाचली.

भिंत खचली, चूल विझली, होते नव्हते नेले,
प्रसाद म्हणून पापण्यांवरती पाणी थोडे ठेवले.

कारभारणीला घेउन संगे सर आता लढतो आहे
पडकी भिंत बांधतो आहे, चिखलगाळ काढतो आहे.

खिशाकडे हात जाताच हसत हसत उठला
'पैसे नकोत सर', जरा एकटेपणा वाटला.

मोडून पडला संसार तरी मोडला नाही कणा,

Visit to ShanthiDaan

"No matter how busy you are, you must take time to make the other person feel important".

-Mary Kay Ash

Date: 2nd March 2024

Day: Saturday

Time: 9:00am to 12:00 noon

Venue: ShanthiDaan a home for the underprivileged, Borivali West

No. of Participants: 16 NSS Volunteers

Beneficiaries							200

Objectives:

- To socialize with the members of ShantiDaan.
- To spend quality time with the members and enquiring about their wellbeing.

About 16 Volunteers willingly volunteered to make a visit to ShantiDaan our adopted home. The main objective was to spend quality time with them as many of them feel lonely, feel rejected and ignored. In our previous two visits we had attained considerable rapport with members of the home. And therefore it was easier during this visit to bond with them in a better way as many of our faces were familiar to them.

Many students observed that they had a story to share and they just were waiting for attentive listening ear. Our students learnt the value and worth of life and family to be surrounded with and cherished as they heard unique stories for each and every member of the home.
