05th August 2023

Report on "Ethics in Engineering Seminar"

- Event Date: **04 August 2023** Time: **3:00 PM to 5:00 PM (2 Hr)**
- Venue: **TPO Auditorium (Room No. 114)** No. of participants: **85**
- Resource Person: **Mr Praveen Mathew**
- Mode: **Offline**

A. Details:

The "Ethics in Engineering" seminar was organized by ITSA for second year IT students on 04th August 2023. The session was organized by the ITSA team with the help of our team coordinators Ms. Shree Jaswal and Ms. Prajyoti Dsilva. Our college faculty, Mr Praveen Mathew was the resource person for the session. Praveen Sir has been teaching in the Basic Science & Humanities Department at SFIT for the last 5 years.

The agenda of the event was:

1. Welcome Session
2. Introduction of speaker of the day
3. Handing over the session to the speaker
4. Felicitation Ceremony & Vote of Thanks

Engineering is performing experiments not in the lab, but with people. An engineer is someone who solves societal problems. What he does should not have negative consequences on others. The interactive session was aimed at encouraging the future engineers to make ethical decisions, to understand their obligations as engineers and to solve problems with integrity. He emphasized on the importance of personal as well as professional ethics.

The key topics discussed were:

- What does "Ethics" mean?

PRINCIPAL
St. Francis Institute
Of Technology (Engg-college)
Mount Poinzur, S. V. P. Road,
Borivli (West), Mumbai - 400 103.

- Why is there a need for ethics in engineering?
- How to decide what is ethical and what is not?
- Responsibilities of engineers towards the society
- Role of ethics in the age of Artificial Intelligence

Our ITSA coordinators presented a small token of appreciation to our speaker. Lastly, a vote of thanks was delivered for our speaker and the participants.

The session was followed by a fun poster making competition, where the students got a chance to showcase their creativity. The theme for the poster was "Ethics in Engineering". The top three posters were awarded with cash prizes and certificates.

Winner's List:

Cash Amount - Rs.300

1st Prize

- Ms. Riya Indap - SE IT A
- Ms. Durva Kadam - SE IT A
- Ms. Adelle D'souza - SE IT A

Cash Amount - Rs.200

2nd Prize

- Ms. Shruti Patani - SE IT B
- Mr. Styris D'cruz - SE IT A
- Mr. Deep Parulekar - SE IT B
- Mr. Bhargav Mhatre - SE IT B

Cash Amount - 100

3rd Prize

- Ms. Fareen Shaikh - SE IT B

The total number of participants were 85 including 75 SE IT students, 2 ITSA Coordinators, 26 team members and a teacher.

E: Feedback from Resource Person:

Do you have any suggestions for future workshop topics?
1 response

As ethics is a part of their curriculum, plan some other topics on getting industry ready in terms of soft skills. The awareness of the same is highly required for our 2nd year students

Date: 4th March 2024

Report on "ESCROW 2024"

- Event Date : **2nd March 2024**
- Time : **1:00 pm to 3:00 pm (2hr)**
- Venue : **Escrow Website**
- No of participants : **38**
- Mode: **Online**

A. Details:

ITSA of the INFT Department, hosted ESCROW: An Inter-College Virtual Treasure Hunt for the academic year 2023-2024. It was organized for the students of all colleges across all streams. The treasure hunt was held on 2nd March 2024. It was organized by our very own ITSA team with the help of our ITSA Coordinators Mrs Shree Jaswal and Mrs Prajyoti Dsilva. Prior to the competition, PR messages and registration forms were circulated across WhatsApp groups of our college as well various other colleges and on social media inviting students. Players were tested on the basis of their coding & ciphering skills, logical thinking.

Escrow 2024 was the third edition of the online treasure hunt organized by the ITSA team. The total number of participants was 38. Students were allowed to register online in advance using Google form link circulated on Instagram, WhatsApp and other social media platforms. Various reels, teaser videos and social media posts were shared to spread news about the event and ignite curiosity about the upcoming event. The registration fee was Rs 20 for each person.

Escrow was conducted virtually on Saturday, 2nd March 2024 from 1:00 pm to 3:00pm. It was hosted on the Escrow website developed by the ITSA team (link- [Escrow2024.netlify.app](https://escrow2024.netlify.app)). The treasure hunt consisted of four storylines (Digital World, Horoscopes, Pirates of the Caribbean and Harry Potter). Each participant was randomly

PRINCIPAL
St. Francis Institute
Of Technology (Engg-college)
Mount Poinzur, S. V. P. Road,
Borivli (West), Mumbai - 400 103.

assigned one storyline. They had 2 hours to complete all 8 challenges which included riddles, puzzles, crosswords, code deciphering, visual puzzles, mind-bending conundrums and more. To solve the questions, participants had to put together previous answers. Some of the clues were posted on various Instagram accounts. The questions varied in difficulty ranging from easy to moderately difficult. To help participants, they had the option to use hints to solve certain questions. Each hint added a time penalty of 30 seconds to their final time. Out of 38 participants, 15 participants completed the entire treasure hunt. Participants who solved each storyline in the shortest time were declared as winners. The winners of the virtual treasure hunt were Mr Aniket Patil (TE CMPN - SFIT), Ms Alisha Dsouza (BE EXTC - SFIT), Mr Ashutosh Mishra (BE EXTC - SFIT) and Ms Isha Vaze (SE - St Andrew's College) for the storylines Horoscope, Digital Realm, Harry Potter and Pirates of the Caribbean, respectively. Winners received a cash prize of Rs. 250 each. An Instagram story was also posted on the ITSA's Instagram account to declare the winners.

The event was highly engaging, with many participants showcasing their quick problem solving & logical thinking skills and enthusiasm to participate actively. After the event, a feedback form was circulated to the participants via WhatsApp.

We're pleased to report overall positive feedback from participants about this event. It was organized by team ITSA for students from all colleges without any restrictions. It was a great success for our ITSA team.

Report on "MOTIVATION AND OPPORTUNITIES FOR MECHANICAL ENGINEERING"

Event Date: February 12, 2024

Time: 11:30 am to 1:30 pm (1.5 Hrs.)

Venue: TPO Room SFIT (114)

No. of Registered Students: 116(Mech)

Resource Person: Mr. Rajkumar Devkar

Description:

As a part of the Activities of the MESA, a seminar on "MOTIVATION AND OPPORTUNITIES FOR MECHANICAL ENGINEERING". The resource person, Mr. Rajkumar Devkar presented a basic overview of the opportunities a mechanical engineering student can undertake. Mr. Rajkumar Devkar has done his M.E. in Manufacturing Systems Engineering, has been a head of corporate relations at VIVA Institute of Technology and managing director at Manish Fasteners & Vikram Industries. Mr. Devkar excels in SDGs, leadership, project management, SCM, HRM, CRM. He also presented a key aspect in standing out among all the others which was communication.

The following topics were covered during the session:

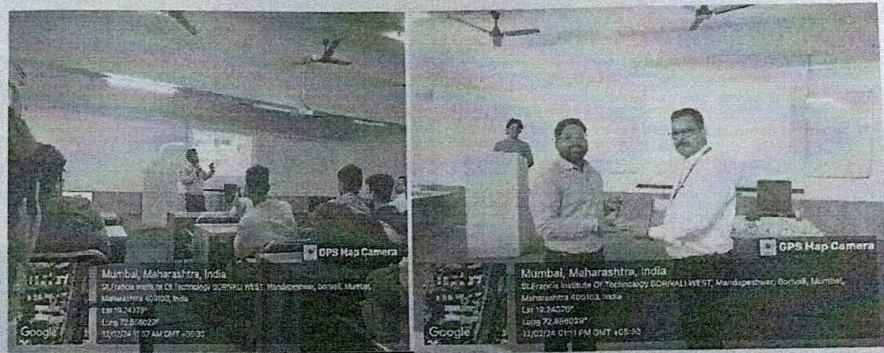

1. Presented profiles of Mechanical Engineers on LinkedIn
2. The unexplored positions
 - Sales
 - Business Excellence
 - ERP
 - Product Development
 - Supply Chain Management
 - Oil and Gas
 - Audit
3. The skills required to stand out
 - Implementation of computer skills
 - Using aptitude and logical reasoning
 - Practicing metacognitive
 - Collaboration techniques in teams
 - Communication and brainstorming

PRINCIPAL

St. Francis Institute
Of Technology (Engg-college)
Mount Painsur, S.V.P. Road,
Borivli (West), Mumbai -400 103.

The session was a big success, as all the participants had shown keen interest in knowing more about the sectors students could apply in. The students also gained clarity in their decision making towards their masters program. The Resource person gave the students an excellent understanding about different skills and aspects that are necessary to excel in the field.

Images of the Session:

Result:

The session offered valuable perspectives on the array of career paths open to mechanical engineers beyond conventional roles. Through the cultivation of crucial skills and venturing into new domains, mechanical engineering have the potential to forge enriching and gratifying careers across different sectors.

Report on "OPPORTUNITIES FOR ENGINEERS IN THE ELECTRIC VEHICLE SECTOR"

Event Date: September 14, 2023

Time: 9:00 am to 11:00 pm (2 Hrs.)

Venue: Auditorium(114)

No. of Registered Students: 135(Mech and ELEC)

Resource Person: **MR. VIVEK PATHELLA & MR. YUSUF CHOUGLE**

Description:

As a part of the Activities under MESA & EESA, a seminar on "**OPPORTUNITIES FOR ENGINEERS IN THE ELECTRIC VEHICLE SECTOR**" was held in collaboration with DIYGURU. The resource person, **MR. VIVEK PATHELLA – Director of DIYGURU and MR. YUSUF CHOUGLE-Technical Head** gave a brief overview of the mindset of students related to unemployment and the scope for electrical and mechanical engineers in the electric vehicle sector. It also shared the importance of core concepts that are required for the engineers in the electrical industry. The students came to know about the various background and technical skills required in not only the EV sector but also the electric industrial market.

The following topics were covered during the session:

1. Stereotypes of the student related to the job opportunities in the electric sector.
2. Issues faced by students related to unemployment.
3. Fundamental concept related to the electrical field.
4. Importance of electric vehicle and its future.
5. Skills required for Electric vehicle engineering.
6. Various fields in the Electric Vehicle sector
7. New job roles and scope of Mechanical as well as Electrical engineers in Electric Vehicle sector.

The session was a big success, as all the participants showed keen interest in knowing more about the opportunities and scope in their respective fields of interest in electric vehicles. As electric vehicle is a growing market, it has a huge scope in its research phase and more development is yet to take place. The resource person delivered an excellent session about the importance and advancement of EV in today's time and was keen about the things happening and how the number of job employment are expected to grow in the various departments of the EV sector. The response and feedback from the participants,

Images of the Session:

Result:

It was observed that many students came to know about the opportunities and the scope in the electric vehicle sector and various fields to work on as it will be useful for our younger generation. Students understood the importance of the session and will remember the importance of the resources they got and make developments in their career approach.

2. Opportunities For Engineers In The Electric Vehicle Sector

Event Date: September 14, 2023

Time: 9:00 am to 11:00 pm (2 Hrs.)

Venue: Auditorium(114)

No. of Registered Students: 135(Mech and ELEC)

Resource Person: MR. VIVEK PATELLA & MR. YUSUF CHOUGLE

Description:

As a part of the Activities under MESA & EESA, a seminar on "OPPORTUNITIES FOR ENGINEERS IN THE ELECTRIC VEHICLE SECTOR" was held in collaboration with DIYGURU. The resource person, MR. VIVEK PATELLA – Director of DIYGURU and MR. YUSUF CHOUGLE-Technical Head gave a brief overview of the mindset of students related to unemployment and the scope for electrical and mechanical engineers in the electric vehicle sector. It also shared the importance of core concepts that are required for the engineers in the electrical industry. The students came to know about the various background and technical skills required in not only the EV sector but also the electric industrial market.

The following topics were covered during the session:

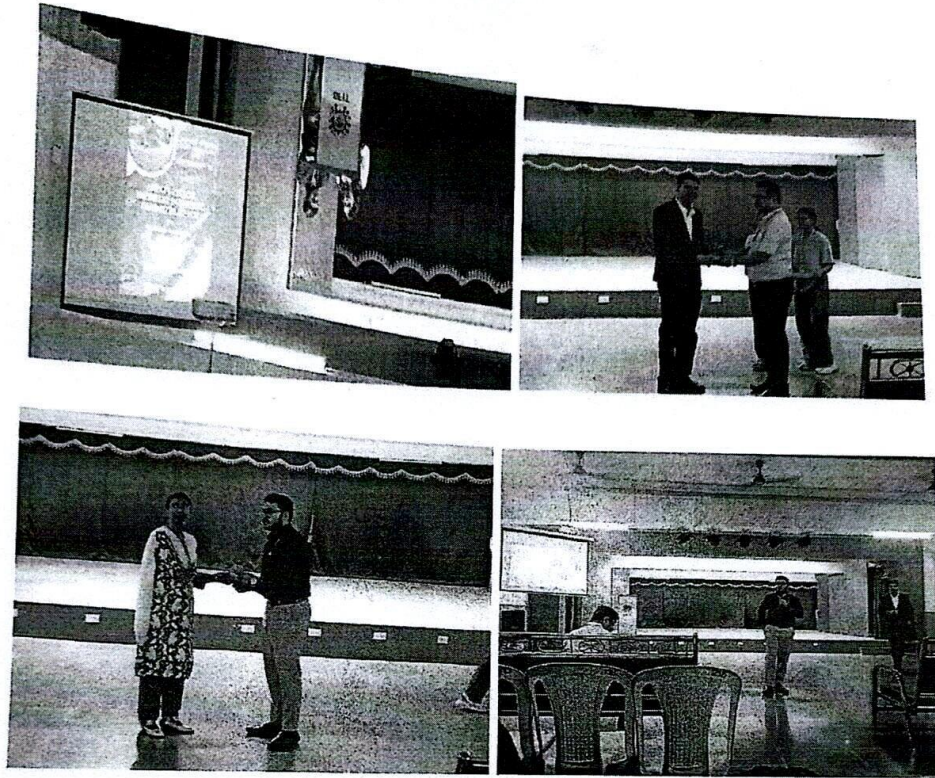

1. Stereotypes of the student related to the job opportunities in the electric sector.
2. Issues faced by students related to unemployment.
3. Fundamental concept related to the electrical field.
4. Importance of electric vehicle and its future.
5. Skills required for Electric vehicle engineering.
6. Various fields in the Electric Vehicle sector
7. New job roles and scope of Mechanical as well as Electrical engineers in Electric Vehicle sector.

The session was a big success, as all the participants showed keen interest in knowing more about the opportunities and scope in their respective fields of interest in electric vehicles. As electric vehicle is a growing market, it has a huge scope in its research phase and more development is yet to take place. The resource person delivered an excellent session about the importance and advancement of EV in today's time and was keen about the things happening and how the number of job employment are expected to grow in the various departments of the EV sector. The response and feedback from the participants, about the session were excellent and as a feedback, they would want to attend more sessions like this in the future.

of the Session:

Result:

It was observed that many students came to know about the opportunities and the scope in the electric vehicle sector and various fields to work on as it will be useful for our younger generation. Students understood the importance of the session and will remember the importance of the resources they got and make developments in their career approach.

Department of Mechanical Engineering Report on a Seminar on Higher Education in Germany

Resource Persons: 1. Mr. Parbat Singh Rajpurohit
2. Ms. Divolka Sawant

August 28, 2023

A seminar on **Higher Education in Germany** was arranged in order to make our TE and BE students aware of the German MS admission process. The session was arranged in Room No 205, at 1 pm on August 28, 2023. The Department of Mechanical Engineering had organized the same.

The main objective of this seminar was to make our students know the real picture of MS Education in Germany and other related things like environmental conditions, staying arrangements, and German language usage.

The resource persons were Mr. Parbat Singh Rajpurohit and Ms. Divolka Sawant. They both completed their BE in EXTTC from SFIT, Borivali West, and currently are in their final year of MS at **Technische Universität Chemnitz**. They were here for their summer vacations when we approached them for this seminar request to which they readily agreed.

Majorly Mr Parbat spoke during the seminar. He discussed the following points:

- Their journey of securing MS admission
- Appearing for the GRE/IELTS
- Their preparation for the German Language Examination – Mr Parbat stressed a lot on German Language usage and requested our students to learn German to at least A2 level. He opined that this will help them in networking and securing part-time jobs.
- Their life in the university and outside.
- Effect of the Russia-Ukraine War on the Indian students.
- Scope for Mechanical Engineering students in Germany, both education-wise and career-wise.

The students appeared keen on listening to the speakers. They had a lot of queries regarding this topic. Both Mr. Parbat and Ms Divolka answered them patiently and satisfactorily. They even shared their contact details and assured them of help in the future.

The main benefit of this seminar was that students got the information directly through the speakers who already are doing their MS in Germany. Additionally, since the speakers are seniors from the college, they could interact nicely with each other.

Many students wish to go for their higher studies but don't know whom to ask. Due to this seminar, they got a reliable source of information whom they can consult whenever they start exploring MS opportunities.

The main practical advice the speakers gave to all the interested students was to learn the German language thoroughly, when still in India, as far as possible. They said it helps in communicating with the locals and understanding the local culture.

The speakers advised students to visit www.daad.de for information about various universities in Germany and the scholarship opportunities available.

Considering all the above points, it can be concluded that the seminar on 'Higher Studies in Germany' was a great success. We are hoping to arrange such informative seminars in the future too.

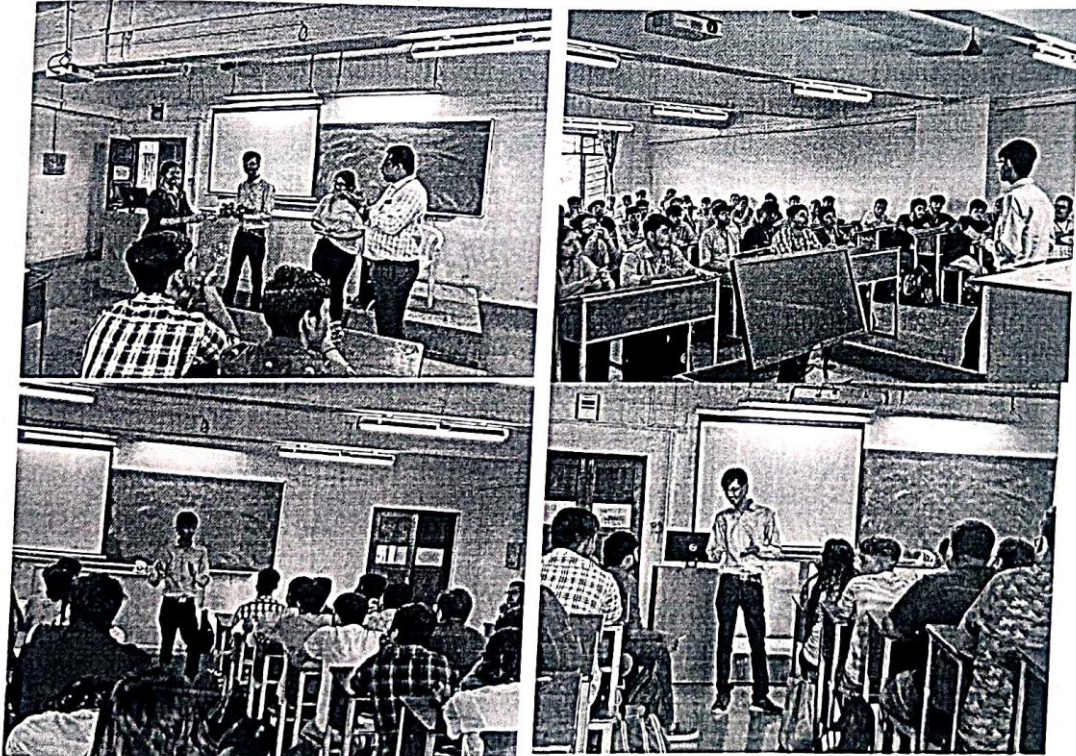

The contact details of the resource persons are as follows:

Mr. Parbat Singh Rajpurohit - WA No – 76667 61331

Ms. Divolka Sawant - WA No – 98207 50343

On behalf of the staff and students of the Department of Mechanical Engineering, we express a heartfelt thanks to Mr. Parbat and Ms. Divolka for spending their precious time with us and guiding our students on the important topic of 'Higher Education in Germany'. We also thank SFIT Management for granting us permission to conduct this seminar.

Report on "TEAM BUILDING & CONSTRUCTIVE FEEDBACK"

Event Date: ~~July~~ ^{August} 4, 2023

Time: 10:00 am to 12:15 pm (2 Hrs.)

Venue: TPO Room SFIT (114)

No. of Registered Students: 135(Mech)

Resource Person: **Dr. Devyani Rozario & Mr. Lucky Gupta**

Description:

As a part of the Activities of the MESA, a seminar on "TEAM BUILDING & CONSTRUCTIVE FEEDBACK". The resource person, **Dr. Devyani Rozario & Mr. Lucky Gupta** gave a brief overview of the importance of team building and the steps to make us future-ready. Our resource person was Dr. Devyani Rozario; known for being a Professor, Soft Skills Trainer, Writer, motivational speaker, Happiness Coach, and Life Coach. Having a Ph.D. in English she comes with a rich experience of 32 years in the Marketing industry. Having worked for the giants like Bharat Petroleum Corporation, she brings a rich experience and knowledge to the table. Dr. Devyani is a visiting faculty in IBS Mumbai, MET, Wellingk arcs, and the University of Mumbai teaching subjects in Marketing, HR, Communication skills, and Personal Development.

The following topics were covered during the session:

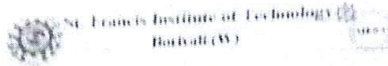

1. Characteristics of being a Team Player
2. Desirable traits include communication skills, Positivity, Flexibility, Integrity, accountability, and feedback.
3. How visual and vocal make a first impression on others.
4. Respect among the team member
5. Empathetic with people
6. Give advice rather than feedback
7. Don't react to any condition emotionally
8. Follow up with others
9. Be a good Listener

The session was a big success, as all the participants had shown keen interest in knowing more about Team building as well as life teaching which will make our students better person in the future as well as better leaders in their respective fields. The Resources person delivered an excellent session about behavior aspects and team coordination within the committee. The response and feedback from the participants, about the session

Report on "IELTS Masterclass Seminar"

- Event Date: **08th September 2023** Time: **11:15 AM to 12:15PM (1 Hr)**
- Venue: **Auditorium (Room No. 119)** No. of participants: **230**
- Resource Person: **Mr. David Fernandes**
- Mode: **Offline**

A. Details:

The IELTS Masterclass Seminar was organized by ITSA for third and fourth year IT students on 08th September 2023 from 11:15 AM to 12:15 PM in the college auditorium(Room no. 119). The session was organized by the ITSA team with the help of ITSA coordinators Mrs Shree Jaswal and Mrs Prajyoti Dsilva. Mr David Fernandes was the resource person for the session. Mr Fernandes currently works at IDP and has worked for the British Council in the past. The agenda of the event was:

1. Welcome Session
2. Introduction of our speaker of the day
3. Handing over the session to Mr David Fernandes
4. Question & Answer session
5. Short session by Mr Sunil Vyas
6. Vote of thanks

IELTS (International English Language Testing System) test is an English proficiency test mainly for pursuing higher studies abroad. The test is recognized in more than 140 countries including the United States, the United Kingdom, Canada and Australia. For students opting to study further in foreign universities, this test is mandatory and is an important factor in the admission process.

The session was aimed at providing an overview about the test, its benefits and ways to prepare for the test to the third and fourth year INFT students. The key topics discussed in the seminar:

- What is IELTS?

PRINCIPAL
St. Francis Institute
Of Technology (Engg-college)
Mount Poinzur & S. V. P. Road,
Borivli (West), Mumbai - 400 103.

PRINCIPAL
St. Francis Institute
Of Technology (Engg-college)
Mount Poinzur, S. V. P. Road,
Borivli (West), Mumbai - 400 103.

- Test format and overview of the test
- Taking IDP IELTS test in India
- Tips to prepare for IELTS test

Mr Fernandes gave an in-depth talk about different sections of the test, duration of each section, ways to appear for the test and effective ways to practice for the test. He concluded the interactive session with a Q&A session which included questions from students about effective practices to prepare for the IELTS test.

This was followed by a small talk about why students go abroad for higher studies/research by Mr Sunil Vyas, an IDP representative, having 14 years of experience in educational guidance. He briefly touched upon the key benefits of pursuing higher studies abroad. Lastly, a vote of thanks was delivered for our speaker and the participants.

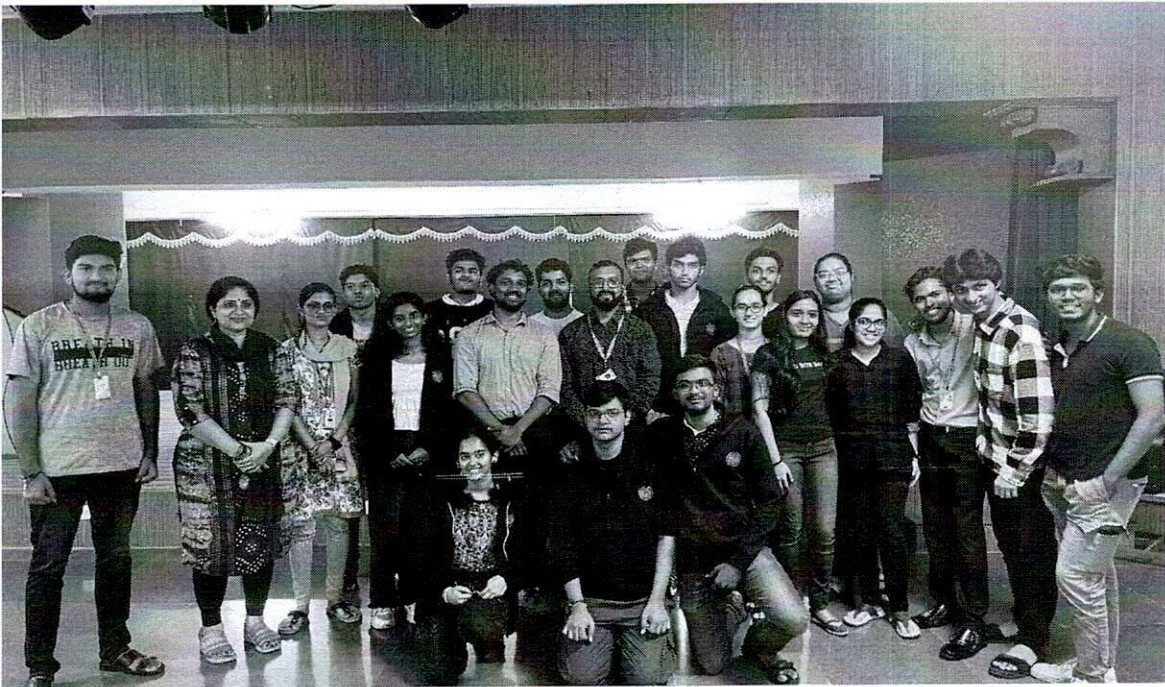

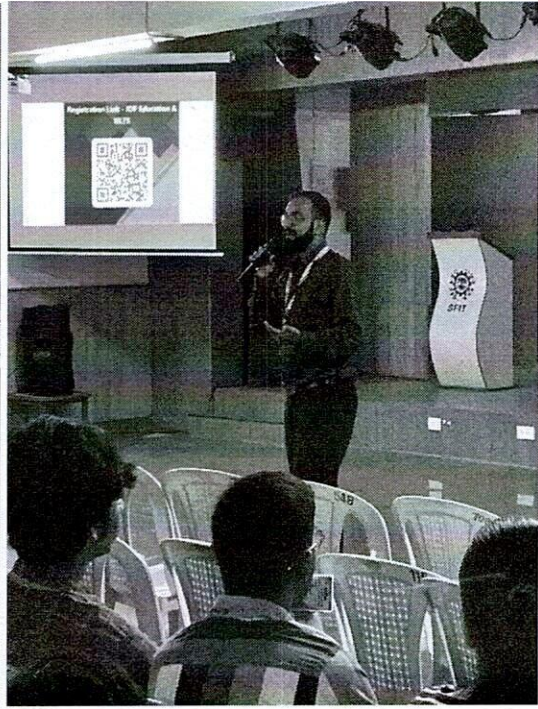

The total number of participants was 230 including 109 BE IT students, 96 TE IT students, ITSA Coordinators, 15 team members and 10 teachers.

Report on "Debate Competition"

- Event Date : **5th February 2024 and 7th February 2024**
- Time :
Monday: 3:00 pm to 5:00 pm (2hr)
Wednesday: 3:00 pm to 5:00 pm (2hr)
- Venue : **Lab 302, 303, 330, 331 (Old building) and Room no. 318 (New building)**
- No of participants : **57**
- Mode: **Offline**

A. Details:

As a part of Academic Activity of "ITSA" of the INFT Department conducted Tug Of Words 2.0: An Intra-College Debate competition, it was organized for the students of SFIT from all departments. The competition was held over two days with a knockout round on 5th February 2024 and quarter-final, semi-final & final rounds on 7th February 2024. The competition was organized by our very own ITSA team with the help of our ITSA Coordinators Mrs Shree Jaswal and Mrs Prajyoti Dsilva. Prior to the competition, PR messages and registration forms were circulated across all college WhatsApp groups and on social media inviting students. The debate competition was organized to offer our students a platform for expressing their opinions and enhancing their higher-order critical thinking skills. This event was organized in association with Bookchor.com. An MOU was signed between Team ITSA and BookChor for the same.

The agenda of the program was:

1. Introduction of all our judges.
2. Selection and distribution of the topics.
3. Round 1 - Knockout round

PRINCIPAL

4. Round 2 - Quarter finals
5. Round 3 - Semi finals
6. Round 4 - Finals
7. Felicitations Ceremony
8. Vote of Thanks

This was the second edition of the annual debate competition organized by the ITSA team. We were graced by the presence of all our respected judges Ms Bidisha Roy, Ms Akanksha Naik, Ms Jovita Serrao, Ms Grinal Tuscano, Ms Deepa Panakkal, Ms Amrita Mathur, Ms Priya Chaudhari, Ms Sowmya Saudolla, Ms Vandana Patil, Ms Sonali Suryawanshi, Mr Praveen Mathew, Ms Nikita Rai, Ms Ankita Mirani, Ms Mrinmoyee Mukherjee, Ms Priyanka Patil, Dr Prachi Raut, HOD of INFT department and our own coordinators Mrs Shree Jaswal and Mrs Prajyoti Dsilva. The total number of participants was 89 including ITSA Coordinators and team members along with the audience. Mr Ansh Shetty was the emcee for the event. The event began with a welcoming speech for our judges, participants and audiences.

Students were allowed to register online in advance or register in-person in Room 318 on the day of the competition. A total of 5 rooms were allocated for the competition to ensure efficient time management and convenience for the participating teams.

The first round was the knockout round. The 17 teams were divided into pairs of 2 teams and were sent to one of the 4 debate venues. For every two teams, a topic was randomly chosen from a box and team leaders were called for a coin toss to decide which team proposed and opposed the topic. After the toss, participants were given 5 minutes to discuss with their team members. The duration for the debate was 14 minutes between the two teams and one minute for conclusion and closing statements for each team. The participants were judged on the basis of relevance of argument, analytical skills and presentation, teamwork and time utilization, effective communication skills, questions asked, skillful responses and overall persuasive argumentation. The second round of the competition was the Quarter Finals round, 8 teams were selected on the basis of the scores given by respective judges. Ensuring a fair opportunity for participants to face new opponents each round, the teams were shuffled. On the basis of the scores obtained, 4 teams were selected for the semi-finals round. The rules and format for the second and third round were the same as the first round. 2 teams with the highest scores in the semi-finals were selected for the Final round (fourth round). For the final round, the teams were given 14 minutes to debate on the assigned topic and one minute to conclude. The judging criteria remained the same. The winners for the debate competition were Ms

Borivli (West), Mumbai - 400 103.

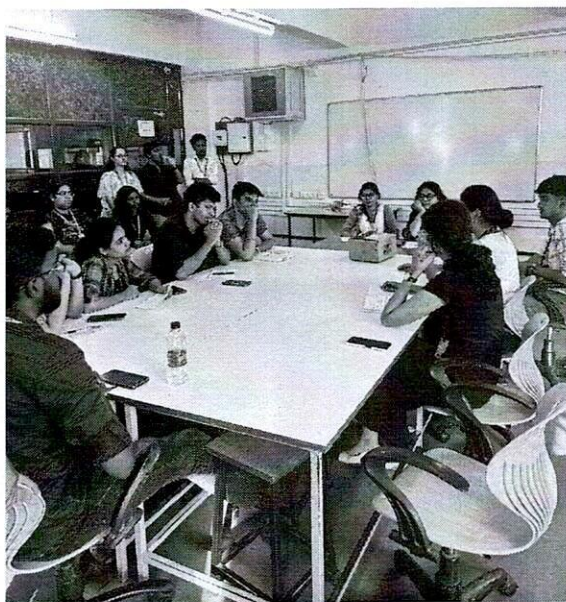

Balin Menezes (BE INFT A), Ms Lauren Denis Colaco (BE CMPN A) and Mr Josh Jestine (BE INFT A). The runners ups were Mr Dhruvesh Naik (SE ELEC A), Mr Nandish Patil (SE ELEC A), Ms Ishita D'costa (SE CMPN A) and Ms Shravani Trivedi (SE CMPN B). Winners received a cash prize of Rs 2000 and gift hampers by BookChor.com worth Rs 2000. Runners-up team won a cash prize of Rs 1000 and gift hampers worth Rs 2000. All the judges were given gifts as a small token of gratitude.

The event was highly engaging, with many students showcasing their skills and enthusiasm to participate actively. Each participant was given a fair opportunity to express their thoughts on the assigned topics. Later, a vote of thanks was delivered to all the judges and participants and the event concluded with felicitation of the winners. After the event, a feedback form was circulated to the participants via email.

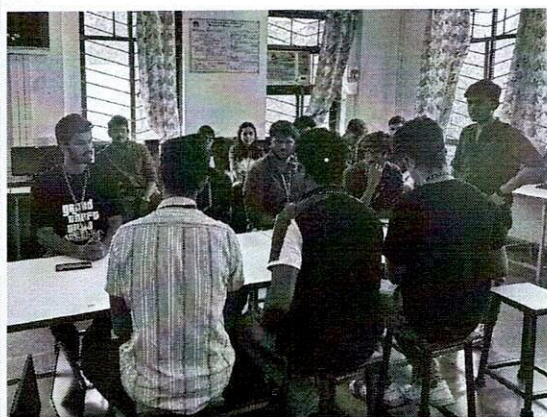

We're pleased to report overall positive feedback from participants about this competition. It was organized by team ITSA for students from all departments of our college without any restrictions. It was a great success for our ITSA team.

TUG OF WORDS 2.0

ITSA from St. Francis Institute of Technology is conducting an Intra-college **Debate Competition**.

5th & 7th February 2024 ! ! !

3:00 pm onwards 🕒

Venue: Room no. 318

Only one team member is required to fill out this form.

E. Attendance Sheet & Evaluation sheets: (Attached after report)

F. Debate Rules & Regulations:

1. There should be two teams with at least two speakers each. The teams must be prepared with both sides of the argument (pros and cons) and on the day it will be decided the side the team presents for. Topics will be decided based on chits and coin tossed to decide for selecting pros and cons. Teams will be given exactly 5 minutes to prepare after topic reveal
2. Each team has two or three constructive speeches and two to three rebuttal speeches. The affirmative gives the first constructive speech, and the rebuttals alternate: negative, affirmative, negative, affirmative. Each team has to end the topic with a proper conclusion (not more than 2-3 lines).
3. The affirmative must advocate everything required by the topic itself. No revision of the position of a team is permitted during the debate. Repetition of similar points or actions by the same team during the same round shall lead to a negative score for that particular team.
4. Each team will get 6 mins to present their side and then one minute for delivering the conclusion. A continuous speech of a member of any team should not exceed 2 mins and not less than 10 secs.

PRINCIPAL
St. Francis Institute
Of Technology (Engg-college)
Mount Poincur, S. V. P. Road,
Borivli (West), Mumbai - 400 103.

5. No new constructive arguments may be introduced in the rebuttal period. The affirmative must, if possible, reply to the major negative arguments before the last rebuttal.
6. Any gains made outside of the established procedure are disallowed.
7. The language used for the debate should strictly be **ENGLISH LANGUAGE** (use of any other language is not allowed). The participants have the freedom to make use of references, quotes, dialogues from any other languages if required(**translation to English language is must**).
8. Use of any foul language, comments, and actions are strictly prohibited. The moderator can take action against such teams.
9. The decisions made by the judging panel and ITSA committee are final. No appeals or challenges regarding the judges' decisions will be entertained.

Debate Topics:

Topics of Elimination Round:

1. Make in India vs. Make for India
2. Legalizing Mercy Killing: Yay or Nay for Our Country?
3. Is India's status as the most populous country a blessing or a curse?
4. Should Homosexuality Be Decriminalized?
5. Do deadlines destroy creativity?
6. Does the death penalty act as an effective measure to stop crime
7. Should politician have a minimum education requirement

Topics of Quarter-Final Round:

1. Are electric vehicles really green?
2. Discussing freedom of speech and hate speech
3. Gender neutral restrooms in public
4. Caste based reservations in educational institution
5. Is the push for regional languages in Indian states to preserve cultural identity too strong?

Topic of Semi-Final Round:

1. Should there be an upper limit for post of PM Or president of India.
2. Should India implement uniform civil code

Topic of Final Round:

1. Should an individual be allowed to change their sex surgically.

- Time:** 11:15 AM to 12:15 AM (1 Hr)
No. of participants: 183

A. Details:

The Study Abroad Seminar was organized by ITSA for third and fourth year IT students on 9th September 2023. It was conducted in the Auditorium(Room no. 119) from 11:15 am to 12:15 pm. The session was organized by the ITSA team with the help of ITSA coordinators Mrs Shree Jaswal and Mrs Prajyoti Dsilva. Mr. Kapil Dedhia was the resource person for the session. Mr. Dedhia has 18+ years of experience in guiding students. He currently works with GeeBee Education.

The agenda of the event was:

1. Welcome session
2. Introduction of our speaker of the day
3. Handing over the session to Mr. Kapil Dedhia
4. Session on overseas education
5. Question & Answer session
6. Vote of Thanks

With the rise of opportunities obtained due to overseas education, many students hold onto the curiosity of having knowledge of what to do and how to go about it. Computer Science being a major technological subject sits at the center of attention to the most common course chosen by several students. The session was aimed at providing insights to the third and fourth year INFT students about the importance of proper guidance necessary in order to get into prestigious institutes abroad. Mr. Kapil Dedhia was warmly welcomed by ITSA co-ordinator Mrs.Shree Jaswal and all the students.

PRINCIPAL
St. Francis Institute
Of Technology (Engg-college)
Mount Poinzur, S. V. P. Road,
Borivli (West), Mumbai - 400 103.

The key topics discussed in the seminar:

- Why study abroad?
- Specialization (to get into universities)
- Types of Degrees
- Career and Bachelor's in CS
- Specialization in CS and Business Management
- Destination: (UK, USA, Canada, Ireland, etc)
- How to fund the studies?
- Advice for starting study abroad journey
- A Q&A session

The total number of participants was 183 including 81 BE IT students, 77 TE IT students, ITSA Coordinators, 15 team members and 10 teachers.

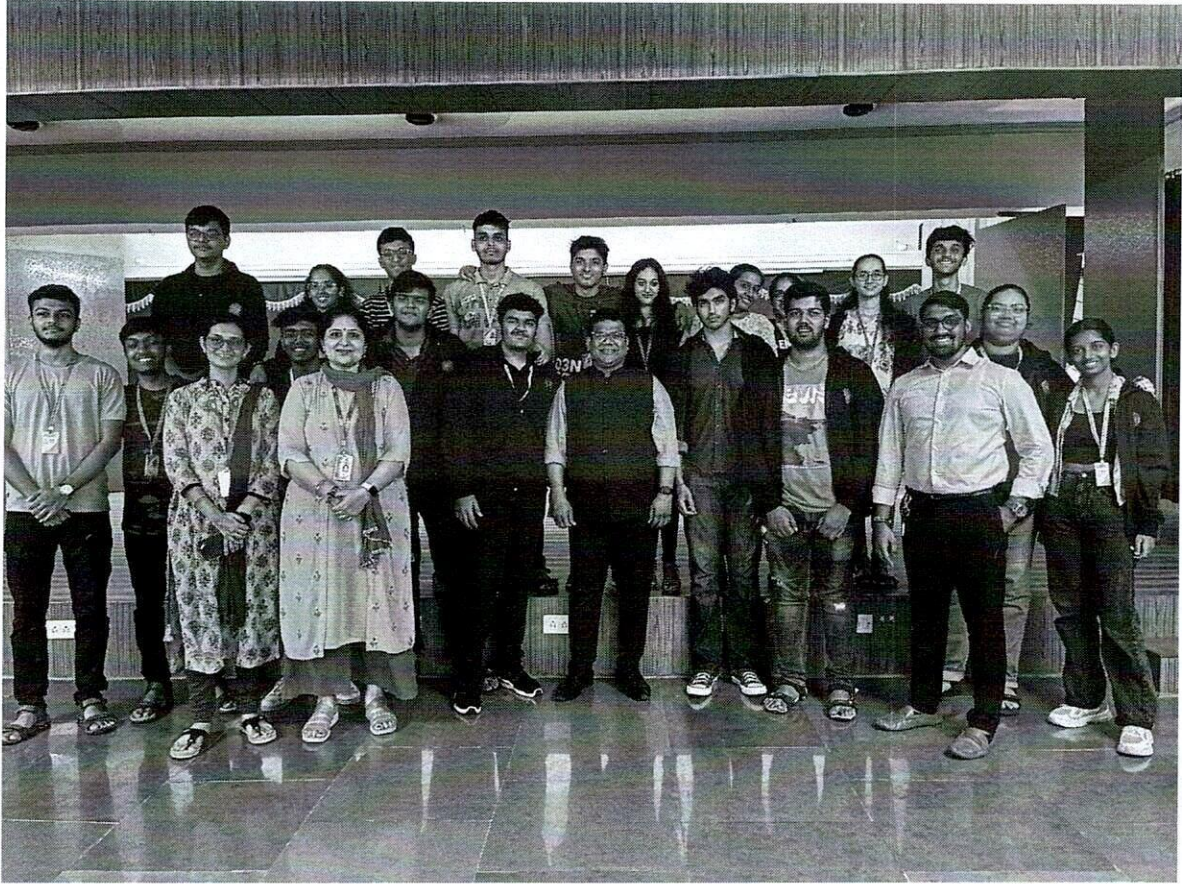

Mr. Dedhia concluded the interactive seminar with a Q&A session providing in-depth knowledge from his years of experience and motivating students towards choosing an academically uplifting career path for themselves. Our ITSA coordinators presented a small token of appreciation to the speaker. Lastly, a vote of thanks was delivered for our speaker and the participants.

International Yoga day celebration at SFIT

Date: June 21, 2023.

Day: Wednesday

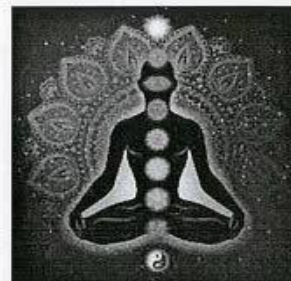

Time: 9:30am to 11:00 am

Venue: St. Francis Institute of Technology Campus, Yoga Centre

No. of participants: 57 NSS Volunteers and Staff members

Resource Person: Mr. Harish Arekar SFIT MECH, Akash Yadav

Journey of Yoga member

CMPN	ELEC	EXTC	INFT	MECH	STAFF	TOTAL
04	01	01	04	01	46	57
Beneficiaries						57

Objectives:

- To develop the habit of regular yoga practice among the students and the faculty members
- To educate people about the various means of overcoming stress naturally through yoga.

International Yoga Day, celebrated on June 21st each year, is a global event that promotes physical, mental, and spiritual well-being through the practice of yoga. It is an occasion to raise awareness about the benefits of yoga and its positive impact on overall health and stress management.

At our college, International Yoga Day was likely celebrated with various activities and events dedicated to yoga and its principles. About 59 NSS volunteers & staff members came together and celebrated international yoga day on Monday 21st June 2023. The resource person was Mr. Harish Arekar one of our own staff members from the Mechanical department. Supporting him was Akash Yadav from the Journey of Yoga.

We started with the session at 9:30 am by a demo of Yogasanas by Akash Yadav. Then was briefing on the importance of yoga. Few of the asanas we covered were vrakshasana, Sukhasana, trikonasan, anulom vilom, ardha chandrasana and many more. Yoga session was beneficial to all the participants.

OBJECTIVE

1. To create awareness and educate students about the ill-effects of Drug Abuse.
2. To create awareness about the Laws of drug related crimes.
3. To motivate them to say Yes to Life and No to Drugs.

Introduction:

The session on the dangers of drug abuse and related laws was held on 13th July 2023 at the TPO Auditorium. The event aimed to raise awareness about the adverse effects of drug abuse on individuals and society, as well as educate attendees about the existing laws and regulations pertaining to drug abuse.

(Handwritten Signature)

Key Highlights:

Dr. Deepak Hinde began the session where he spoke about the general disciplinary practices and exhorted the students to be good citizens. He also spoke about physiological and psychological effects of various drugs on the human body.

API Rahul Siddhe in his speech focused on the current drug landscape and trends in the locality. He provided statistical data and highlighted the need for comprehensive drug control measures.

There was a question and answer session where both the speakers responded to the questions of the students. The students deliberated on effective prevention strategies and the importance of community involvement in combating drug abuse. The session aimed to contribute to the fight against drug abuse in the student community and promote a safer and healthier society.

Before the conclusion of the session all the participants took pledge to say No to Drugs & Yes to Life.

REPORT

Yoga session for the newly enrolled FE students at SFIT

Date: August 10, 2023.

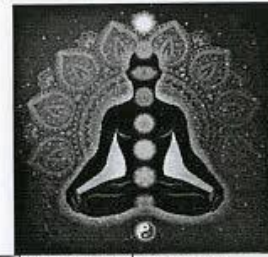

Day: Thursday

Time: 9:30am to 11:00 am

Venue: St. Francis Institute of Technology Campus, Auditorium

No. of participants: 126 students and Staff members

Resource Person: Mr. Harish Arekar SFIT MECH,

CMPN	ELEC	EXTC	INFT	MECH	BSH/FE	STAFF	TOTAL
00	00	00	00	00	121	05	126
Beneficiaries							126

Objectives:

- To develop the habit of regular yoga practice among the students and the faculty members
- To educate people about the various means of overcoming stress naturally through yoga.

An introductory yoga session designed to help our newly enrolled students unwind and connect with their bodies and minds.

The session began with gentle stretches to release tension and improve flexibility. Students then moved through a series of foundational poses, focusing on breath control and alignment. We wrapped up with a guided meditation to promote relaxation and mental clarity. It was a great way for students to start their SFIT journey with balance and calm.

Paul Fernandes

NSS Programme Officer/Social Service Coordinator

Report

Session on Importance of Yoga, Power Yoga and Meditation

Date: 18/08/2023

Day: Friday

Time: 11.00 am to 1 pm

Venue: SFIT Auditorium

Number of participants: 116

Resource Person: Brhamakumari Dhiraj Ben

This session was conducted exclusively to the First Year Students.

Department	CMPN	ELEC	EXTC	INFT	MECH	FE	STAFF	TOTAL
No. of participants	0	0	0	0	0	112	4	116

Objectives of the Session:

1. To Educate Participants on the Benefits of Yoga and Power Yoga:

To learn about the physical, mental, and emotional benefits of practicing yoga and power yoga, including improved flexibility, strength, and stress management.

2. To Promote the Practice of Meditation as a Tool for Mental Well-being:

To highlight meditation techniques that enhance mindfulness, focus, and overall mental health.

Key Points Covered:

1. Introduction to Yoga

- Definition and history of yoga.
- Different styles of yoga and their benefits.

2. Benefits of Power Yoga

- **Physical Fitness:** Enhances strength, flexibility, and stamina.
- **Weight Management:** Aids in burning calories and improving metabolism.
- **Stress Relief:** Promotes relaxation and reduces anxiety levels.
- **Enhanced Focus:** Improves concentration and mental clarity.

3. Importance of Meditation

- **Mindfulness Practice:** Techniques to develop present-moment awareness.
- **Emotional Balance:** Helps in managing stress and emotions effectively.
- **Cognitive Benefits:** Enhances memory and cognitive functions.
- **Spiritual Growth:** Fosters a deeper connection to self and the universe.

4. Meditation Techniques:

1. Guided meditation session led by Brahmakumari Dhiraj Ben.
2. Breathing exercises (Pranayama) to calm the mind.

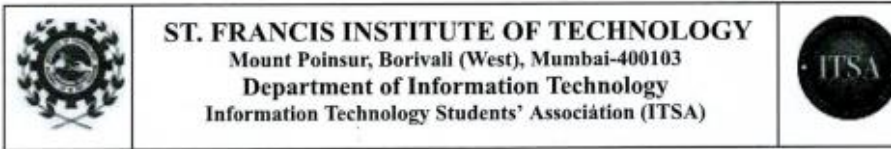

Participants engaged in Q&A to discuss their experiences and challenges with yoga and meditation.

This session aimed to inspire participants to adopt healthier lifestyles through the practices of yoga and meditation, emphasizing the importance of physical and mental well-being.

Report on "E-Waste Collection Drive"

- Event Dates: 21st August 2023 - 25th August 2023
- Time : 9.00 am to 5.00 pm (Day 1)
- 9.00 am to 5.00 pm (Day 2)
- 9.00 am to 5.00 pm (Day 3)
- 9.00 am to 5.00 pm (Day 4)
- 9.00 am to 5.00 pm (Day 5)
- Venue: SFIT Quadrangle and Paul Sir's cabin(Room No. 133)
- No. of participants:
- Mode: **Offline**

A. Details:

An **E-Waste Collection Drive** was organized by ITSA in collaboration with NSS for all our students on 21st August 2022. This drive was organized by our very own teams with the help of our ITSA Coordinators Mrs Shree Jaswal and Mrs Prajyoti D'silva and NSS Incharge Mr Paul Fernandes.

The agenda of the program was:

1. Collaboration of ITSA and NSS under the guidance of ITSA coordinators Mrs Shree Jaswal and Mrs Prajyoti D'silva and NSS Incharge Mr Paul Fernandes.
2. E-Waste collection in the quadrangle during the breaks.
3. All the collected E-Waste was handed over to the NSS team for recycling.

PRINCIPAL
St. Francis Institute
Of Technology (Engg-college)
Mount Painsur, S. V. P. Road,
Borivli (West), Mumbai - 400 103.

An official meeting was held on 19th August 2023(Friday) in lab 306A to decide the plan of action for this event. The meeting was attended by ITSA President Mr. Krishna Deshmukh, Vice President Bibin John, Documentation Head Vinita More and all NSS heads. Both NSS heads and team members of ITSA agreed on the following points:

- The duration of the collection drive will be one week from 21st August 2023 to 25th August 2023
- The collection desk would be placed in the quadrangle during lunch break
- The e-waste would be accepted at the NSS office during lecture hours (Room no. 133)
- The volunteers of NSS and ITSA members both would be present at the collection desk
- Record of all the participants including teachers donating e-waste would be maintained
- The volunteers present at the desk will be provided with grace attendance and NSS volunteers will be provided with 2 NSS hours
- NSS will contact the concerned company who will collect the e-waste from campus for recycling
- PR message and poster for the event will be made by team ITSA
- Posters will be displayed in the canteen and PR messages would be circulated to official whatsapp groups of all classes of all the departments
- The permission for benches and other things will be taken care of by NSS.

On the first day the volunteers of NSS were seated at the quadrangle from 12:15pm to 1:00pm and volunteers which are part of both NSS and ITSA were seated in the SFIT quadrangle from 1pm to 2pm as previously agreed in the meeting with heads of NSS. This was followed for the whole week. 10 participants donated e-waste on the first day. On the second day the count rose to 35 as many students became aware about the drive. The response kept on increasing day by day. The NSS volunteers and ITSA members also contributed to the drive by donating e-waste.

The Lab assistants of IT department Ms. Janet Pereira, Ms Kalyani Gavnanng, Mr. Pundalik Naik donated e-waste collected in their respective labs during lunch break. Also the teachers of the IT department Mrs. Minal Lopes, Mrs. Shree Jaswal, Ms. Grinal Tuscano, Mrs. Prajyoti D'silva, Mrs. Garima Singh, Ms. Akansha Naik, Ms. Nidhi Chitalia and Mrs. Nitika Rai donated e-waste encouraging the students. All the items were accepted at the desk irrespective of how big or small the items were and what condition they were in. The items received included wires, processors, old pc monitors, old cell phones, broken headphones, etc.

PRINCIPAL
St. Francis Institute
Of Technology (Engg-college)
Mount Painsur, S. V. P. Road,
Borivli (West), Mumbai - 400 103.

All the items collected during the week were formally handed over to the NSS team by ITSA coordinators and heads on 25th August 2023(Friday) in Paul Sir's cabin. The record of the items will be maintained and the items will be sent for recycling. The e-waste will be entrusted to the Go Green Recycle Company by NSS. NSS and ITSA will be awarded with a certificate for making their efforts to collect e-waste and sending it for recycling. Overall, we got positive feedback from our participants.

Report on "Alpha Protocol 2.0"

Event Date: 15th September 2023

Time: 9.00 am to 5.00 pm 15/9/23

16th September 2023

9.00 am to 5.00 pm 16/9/23

Venue: Room No. 423

No. of Registered Students: 346

A. **Description:**

The event focused on the following key points:

- ALPHA PROTOCOL 2.0, an upgraded version of last year's hit event, is set to captivate participants at the annual Mosaic event in our college. This enjoyable techadventure takes participants into the realm of anti-terrorism, where their mission is to defeat a terrorist plot against their college within a limited time frame.
- Teams, ranging from 2 to 5 members, act as sleeper agents, utilizing a bespoke mobile app developed by the Code-X committee to decode clues and save the day.
- The 2.0 version introduces exciting enhancements. Teams can now comprise 2, 4, or 5 members, broadening the participation options. Registration fees stand at Rs 120/- for squads of 2-4 members and Rs 150/- for teams of 5.
- Instead of conventional problem-solving skills, the focus shifts to story comprehension.
- Participants must grasp the hints embedded in their assigned narratives to identify suitable locations across the entire college campus where QR codes are strategically placed by CODEX team.

PRINCIPAL
St. Francis Institute
Of Technology (Engg-college)
Mount Painsur, S.V.P. Road,
Borivli (West), Mumbai -400 103.

- The addition of master clues , riddles , navigate challenges further heightens the challenge. The introduction of a specific timer for each team intensifies the gameplay, emphasizing the need for both speed and wit.
- With enticing cash prizes of Rs 1500/- for the champions and Rs 1000/- for the runnersup, ALPHA PROTOCOL 2.0 guarantees an electrifying adventure where participants must decipher story hints and navigate the campus to locate QR codes, all while racing against time and rival squads to protect their college from potential threats.

Department of Computer Engineering

Report on "React JS Workshop"

Event Date: 28 February 2024

Time: 11:00 am to 1:30 pm

Venue: TPO Room, SFIT

No. of Registered Students: 120

Resource Person: Mr. Carl Mascarenhas

A. Description:

The Codex team organized an impactful ReactJS workshop for second-year engineering students, led by proficient fourth-year student Carl. The session covered ReactJS fundamentals, emphasizing JSX, components, and state management. Participants engaged in a hands-on live project, creating a dynamic website with MovieDB API, Bootstrap, React-Bootstrap, and Axios. Carl's expert guidance facilitated the practical application of these concepts, offering valuable insights and enhancing participants' web development skills.

Carl Mascarenhas, a distinguished fourth-year student pursuing a Bachelor's in Engineering Computer at St. Francis Institute of Technology, recently led an insightful ReactJS workshop for second-year engineering students. With a stellar CGPA of 9.4, he excels in data structures, algorithms, web development, and machine learning. As a seasoned Frontend Developer and Web Instructor at Static Int Educare, Carl has guided 150+ learners, creating a dynamic learning environment. His software development expertise at Finvaluer includes scalable web applications with Next JS, Firebase, and Tailwind CSS. As a freelancer at DeBugged Programmers, he contributed to Python and C++ projects, crafting notable applications like "Virtual Space" and "Alpha Protocol." Serving as an ex-Technical Head at Codex-SFIT and a Lead Instructor for a Django Workshop, Carl brings invaluable commitment and expertise to our students' learning journey.

Professional Achievements:

- Spearheaded a virtual room creation feature in the "Virtual Space" project using Python, Django, SQL, Javascript, and WebRTC.
- Implemented a sophisticated budget tracking functionality in the "Budget Tracker" project using React JS, Django, JWT Tokens, and SQL.
- Led a Flutter-based Android treasure hunt app, "Alpha Protocol," featuring barcode clues, AWS integration, and live leaderboards.
- Demonstrated adeptness in Solidity, showcasing proficiency in blockchain technology.
- As an Ex-Tech Youtuber at ByTive, amassed a substantial following of 16k subscribers, sharing tech insights and content.

Mount Painsur, S.V.P. Road,
Borivli (West), Mumbai -400 103.

Some of the key points covered in the workshop were:

- Introduction to ReactJS Fundamentals
- Importance of ReactJS in Web Development
- JSX: The React Programming Language
- Components in ReactJS: Key Functions
- Anatomy of a React Component
- States in React: Connecting to useState
- Live Project: Movie Website with ReactJS
- React Hooks: useState and useEffect
- Axios for API Calls in ReactJS
- Mapping Data and Error Handling in ReactJS
- Project Completion and Recap

The workshop commenced with a comprehensive introduction to ReactJS, delving into the fundamental building blocks of this powerful JavaScript library. Participants gained a solid understanding of ReactJS concepts, laying the groundwork for the immersive learning experience that followed. As the session progressed, the focus shifted to the significance of ReactJS in modern web development. Through engaging discussions, attendees explored the compelling reasons and benefits that make ReactJS a preferred choice for building dynamic user interfaces. This segment not only highlighted ReactJS's popularity but also elucidated its role in optimizing the development process and enhancing the overall user experience.

The workshop commenced by guiding participants through React installation and environment setup, providing step-by-step instructions and valuable links to official documentation. Key concepts such as state management were explored, with a focus on the practical usage of the useState hook for dynamic form handling. The significance of the useEffect hook in automating processes and enhancing data processing efficiency was highlighted through real-world examples. Essential components like the navigation bar were crafted, offering hands-on experience in component creation and styling. The session culminated with an in-depth exploration of Axios for making API requests, covering the complete lifecycle from request initiation to data mapping and error handling. Throughout, participants were equipped with valuable resources, ensuring a well-rounded understanding of ReactJS and its practical applications.

Moving forward, the workshop transitioned seamlessly into an exploration of JSX, commonly known as the React programming language. Participants immersed themselves in understanding how JSX facilitates the creation of React components, providing a syntax that combines JavaScript with HTML. The intricate details of JSX were unfolded, paving the way for a deeper appreciation of its role in simplifying UI development. This interactive learning process set the stage for the subsequent exploration of React components, elucidating their key functions in constructing user interfaces. The Anatomy of React Components was dissected, providing participants with a clear breakdown of the structural elements that form the backbone of React applications. Throughout these foundational segments, valuable links were shared to external

resources, aiding participants in expanding their understanding of ReactJS concepts and techniques.

The highlight of the workshop was when everyone got hands-on with a cool project! We teamed up to build a lively website using MovieDB info, React JS, Bootstrap, React-Bootstrap, and Axios. It was awesome - the website lets users search and see movie details smoothly. We put together key parts like the navigation bar and input fields, showcasing how React concepts we learned were used in a real project. We even got to play with state management, useEffect, and Axios to make everything work seamlessly. It was a hands-on, practical experience that brought the workshop concepts to life. Everyone left feeling confident and excited about using ReactJS for their own projects!

The workshop concluded on a high note with positive responses from participants who expressed their newfound confidence in applying ReactJS concepts to real-world projects. The interactive nature of the session, coupled with the practical project development, fostered an environment of active learning and collaboration. Participants left with tangible skills, ready to embark on their ReactJS journey with a solid foundation and the ability to create dynamic and responsive user interfaces. The positive feedback underscored the success of the workshop in imparting practical knowledge and empowering participants to excel in ReactJS development.

Department of Computer Engineering

Report on "Codexpress 7.0"

Event Date: 27 March 2024

Time: 11:15 am to 1:15 pm

Venue: Sfit, Borivali

No. of Registered Students: 68

A. Description:

CodeXpress 7.0, the flagship coding competition organized by CODEX at St. Francis Institute of Technology, unfolded as a spectacular showcase of talent and innovation on March 27th, 2024. The event, held in Computer Room 128, witnessed a flurry of activity as participants from various disciplines converged to unleash their coding genius. With a mission to foster a culture of coding excellence, CodeXpress 7.0 offered an unparalleled platform for students to test their skills, collaborate with peers, and vie for prestigious prizes and internship opportunities. The competition, open to all STIThians, drew enthusiastic participation, reflecting the vibrant spirit of the SFIT community.

A hallmark of CodeXpress 7.0 was its diverse array of challenges, comprising seven to eight problem statements spanning multiple programming languages. Participants tackled each problem with fervor, employing strategic thinking, problem-solving prowess, and technical expertise to devise innovative solutions. The partnership with Coding Ninjas facilitated a seamless experience, with participants leveraging the platform to submit their code and undergo rigorous evaluation. Moreover, the collaboration with Red Bull added an exciting dimension, integrating a promotional quiz within the competition framework. This synergy not only enriched the participant experience but also underscored the event's commitment to engaging sponsors and enhancing outreach. Overall, CodeXpress 7.0 surpassed expectations, serving as a testament to SFIT's dedication to nurturing talent and fostering excellence in the realm of coding. As the curtains drew on this exhilarating competition, participants departed with newfound insights, invaluable experiences, and a renewed zeal to continue their coding journey.

"Sponsor Contributions to CodeXpress 7.0: Red Bull and Coding Ninjas Partnership"

Red Bull:

1. **Promotional Partnership:** Red Bull joined hands with CODEX to promote the event and enhance participant engagement.

PRINCIPAL
St. Francis Institute
of Technology (Engg-college)
Poinsur, S.V.P. Road,
Borivali (West), Mumbai -400 103.

2. **Promotional Quiz:** Red Bull introduced a promotional quiz within the competition framework, adding an exciting dimension to the event.
3. **Supply of Refreshments:** As part of the promotional activity, Red Bull provided 70 cans to participants, energizing them throughout the competition.
4. **Brand Visibility:** Red Bull's association with the event increased brand visibility and recognition among the SFIT community.
5. **Contributing to the Event Experience:** Red Bull's support contributed to creating a vibrant and dynamic atmosphere during the competition, enhancing the overall participant experience.

Coding Ninjas:

1. **Platform Provision:** Coding Ninjas provided the platform for hosting CodeXpress 7.0, ensuring a seamless and efficient competition experience.
2. **Problem Statement Preparation:** Coding Ninjas collaborated with CODEX to prepare the problem statements, ensuring a diverse and challenging set of tasks for participants.
3. **Technical Support:** Coding Ninjas offered technical support throughout the competition, ensuring smooth submission and evaluation processes.
4. **Goodies for Winners:** Coding Ninjas provided goodies for the winners of the competition, adding incentive and recognition for their achievements.
5. **Enhancing Coding Skills:** Through their partnership, Coding Ninjas contributed to enhancing the coding skills and knowledge of participants, aligning with the educational objectives of the event.

Upon arrival at the competition venue promptly at 11:00 AM, participants eagerly prepared themselves for the exhilarating challenge that lay ahead. With anticipation running high, they swiftly logged in to the Coding Ninjas platform, the designated host for CodeXpress 7.0. As the clock struck 11:15 AM, the competition officially commenced, signaling the beginning of a rigorous test of coding prowess. Participants immersed themselves in the array of seven challenging questions, each designed to push the boundaries of their technical skills and problem-solving abilities. Throughout the duration of the competition, the vigilant members of the CODEX team stood ready to assist participants, offering guidance and support in navigating any technical hurdles they encountered. Under their watchful supervision, participants were ensured a fair and competitive environment, free from the specter of plagiarism or unauthorized assistance. This structured process not only fostered a sense of integrity and accountability but also underscored the commitment of CODEX to uphold the principles of fairness and transparency in all aspects of the competition.

After tackling the series of coding challenges with fervor and determination, participants shifted their focus to the next segment of the event: the Red Bull promotional quiz. As the coding phase concluded, excitement rippled through the room as participants eagerly awaited the chance to test their knowledge and win coveted prizes. The Red Bull quiz, seamlessly integrated into the competition framework, added an extra layer of excitement and engagement. Participants

Borivli (West), Mumbai -400 103.

enthusiastically scanned the QR codes provided, swiftly immersing themselves in the quiz experience. Upon completion, winners were rewarded with the iconic Red Bull cans, serving as tangible symbols of their achievement and a refreshing energy boost.

In adherence to the legal rules of the partnership between CODEX and Red Bull, the CODEX team meticulously documented the distribution of Red Bull cans. Following the conclusion of the quiz, CODEX team members diligently captured video footage of the winners receiving their prizes. This video documentation served as concrete proof of Red Bull's involvement in the event, ensuring compliance with the terms outlined in the partnership agreement. By adhering to these legal protocols, CODEX and Red Bull reaffirmed their commitment to transparency and accountability, laying the foundation for a successful and mutually beneficial partnership.

Following the distribution of the Red Bull cans, the excitement continued to soar as participants were pleasantly surprised with additional rewards. Each participant was presented with restaurant vouchers and Taskade subscription vouchers, further enhancing their experience and providing tangible incentives for their participation. The restaurant vouchers offered the promise of delectable dining experiences, while the Taskade subscription vouchers opened doors to enhanced productivity and collaboration tools.

With spirits high and anticipation building, the eagerly awaited prize distribution ceremony commenced. Participants gathered in anticipation as the CODEX team took to the stage to recognize and celebrate the outstanding achievements of the top performers. Amidst cheers and applause, winners were awarded their well-deserved prizes, including cash rewards of up to ₹3000, internship opportunities, and special accolades for first-year champions. The atmosphere was electric as participants basked in the glory of their accomplishments, forging lasting memories and friendships amidst the thrill of victory.

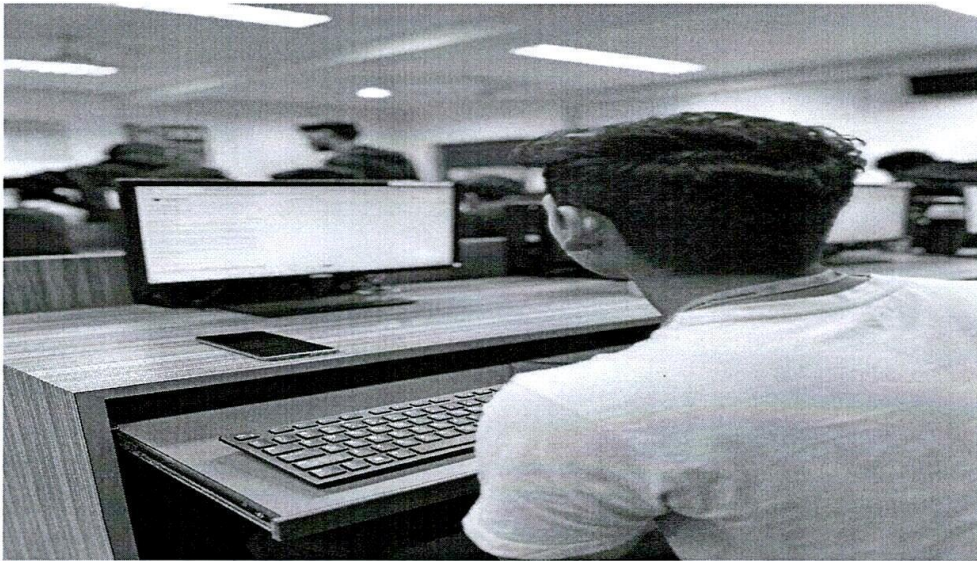

As the event drew to a close, participants departed with hearts full of pride and satisfaction, reflecting on the invaluable experiences and skills gained throughout the competition. CodeXpress 7.0 had not only showcased the remarkable talent and innovation within the SFIT community but had also solidified CODEX's reputation as a pioneering force in fostering coding excellence. With promises of future collaborations and even greater endeavors on the horizon, participants bid farewell to CodeXpress 7.0, eagerly anticipating the next chapter in their coding journey.

1. Career Opportunities in Indian Armed Forces

The first event of the academic year 2023 – 2024 “Seminar on Career Opportunities in Indian Armed Forces” was conducted by the Electrical Engineering Students Association under the Aegis of the Department of Electrical Engineering on 8th August 2023.

The Speaker for the day was our very own Alumni, Gentleman Cadet Mr. Aditya Yadav. It was a very joyous occasion as he is the first student from the Electrical Engineering Department to join and serve the Indian Armed Forces.

The host for the day was Ms. Divya Sutar. Our dear principal ma'am Dr. Sincy George was called upon to say a few enlightening words before the start of the session. Mr. Aditya was then felicitated with a Shawl and a bouquet of flowers by principal ma'am.

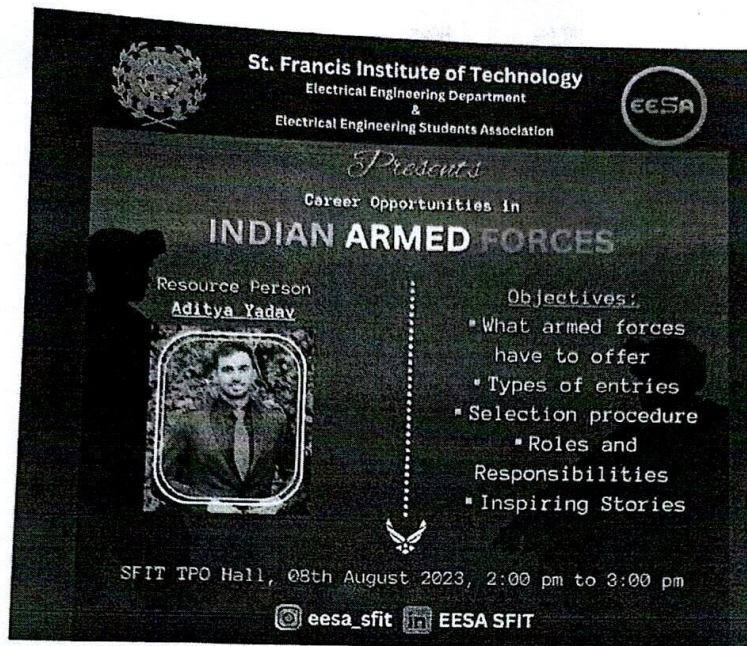

A pre-seminar MCQ test was conducted to observe if the students had sufficient information regarding the Indian Armed Forces. Mr. Aditya started off with the seminar explaining the need and importance of joining the Indian Armed Forces and how it would change one's life.

Types of Different Entries were explained by Mr. Aditya

- UPSC-CDS
- AFCAT
- SSC TECH
- TGC

Eligibility Criteria, Pay Structure and Written exam formats were discussed. Mr. Aditya discussed the three major points of Manasa, Vacha and Karma related to the Interview process. GTO tasks and QLQS were spoken in brief. Mr. Aditya ended the seminar with a Q/A session where he was asked about his training process and how he cracked his interviews.

2. Opportunities For Engineers In The Electric Vehicle Sector

Event Date: September 14, 2023

Time: 9:00 am to 11:00 pm (2 Hrs.)

Venue: Auditorium(114)

No. of Registered Students: 135(Mech and ELEC)

Resource Person: MR. VIVEK PATHELLA & MR. YUSUF CHOUGLE

Description:

As a part of the Activities under MESA & EESA, a seminar on "OPPORTUNITIES FOR ENGINEERS IN THE ELECTRIC VEHICLE SECTOR" was held in collaboration with DIYGURU. The resource person, MR. VIVEK PATHELLA – Director of DIYGURU and MR. YUSUF CHOUGLE-Technical Head gave a brief overview of the mindset of students related to unemployment and the scope for electrical and mechanical engineers in the electric vehicle sector. It also shared the importance of core concepts that are required for the engineers in the electrical industry. The students came to know about the various background and technical skills required in not only the EV sector but also the electric industrial market.

The following topics were covered during the session:

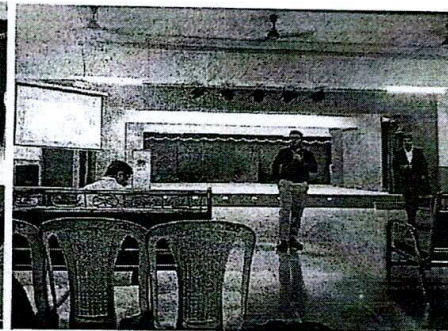

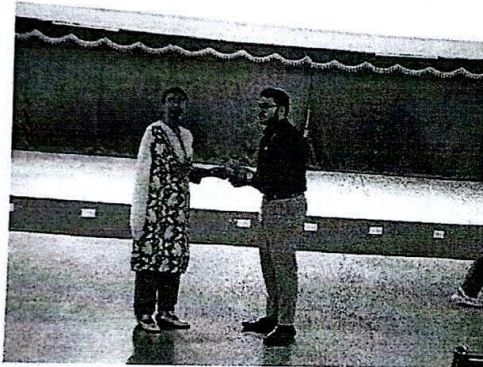

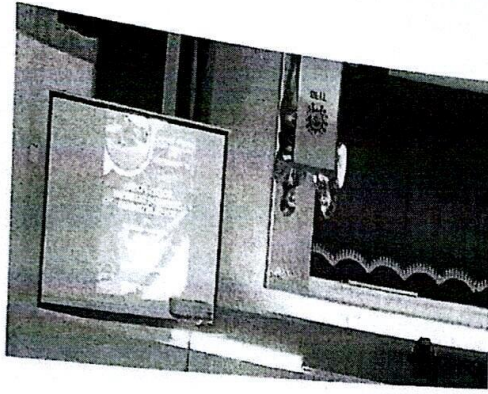

1. Stereotypes of the student related to the job opportunities in the electric sector.
2. Issues faced by students related to unemployment.
3. Fundamental concept related to the electrical field.
4. Importance of electric vehicle and its future.
5. Skills required for Electric vehicle engineering.
6. Various fields in the Electric Vehicle sector
7. New job roles and scope of Mechanical as well as Electrical engineers in Electric Vehicle sector.

The session was a big success, as all the participants showed keen interest in knowing more about the opportunities and scope in their respective fields of interest in electric vehicles. As electric vehicle is a growing market, it has a huge scope in its research phase and more development is yet to take place. The resource person delivered an excellent session about the importance and advancement of EV in today's time and was keen about the things happening and how the number of job employment are expected to grow in the various departments of the EV sector. The response and feedback from the participants, about the session were excellent and as a feedback, they would want to attend more sessions like this in the future.

of the Session:

Result:

It was observed that many students came to know about the opportunities and the scope in the electric vehicle sector and various fields to work on as it will be useful for our younger generation. Students understood the importance of the session and will remember the importance of the resources they got and make developments in their career approach.

4. **Unleashing Ingenuity: Problem Solving and Ideation Workshop**

Event Date: October 13, 2023

Time: 3:00 pm

Venue: live on Youtube

Resource Person: MR. Mayur V. Parulekar

Description:

As a part of the Activities under IIC SFIT & EESA SFIT, a seminar on “Unleashing Ingenuity: Problem Solving and Ideation Workshop” .The resource person, MR. Mayur V. Parulekar – Director of Meshnet Electronics LLP . Your vast experience and expertise on cutting-edge technologies will not only enrich their knowledge but guide budding engineers towards innovative project implementation.

The seminar covered two important case studies and various aspects of problem solving and ideation.

1. Case study 1: Installation of New Age Kinetica:

This case study is related to the Mechanical field , Electrical field and Art. They explained about the kind of installation and CPU- Click PLC . The significance of evaluating strengths, weaknesses, opportunities, and threats before a project.

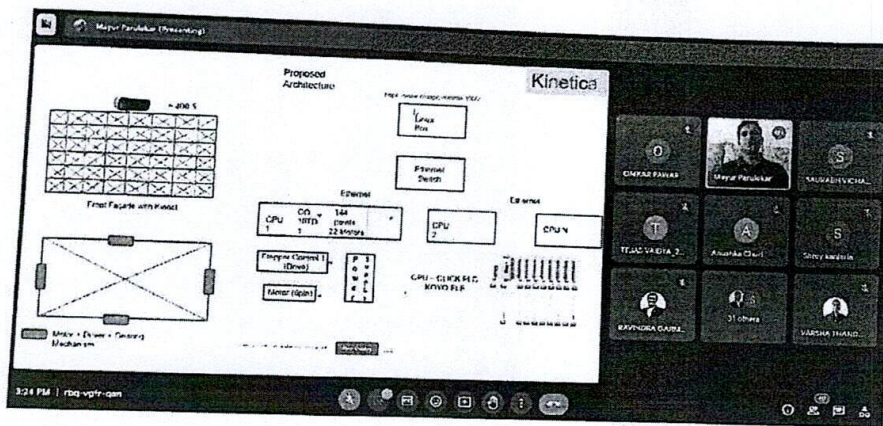

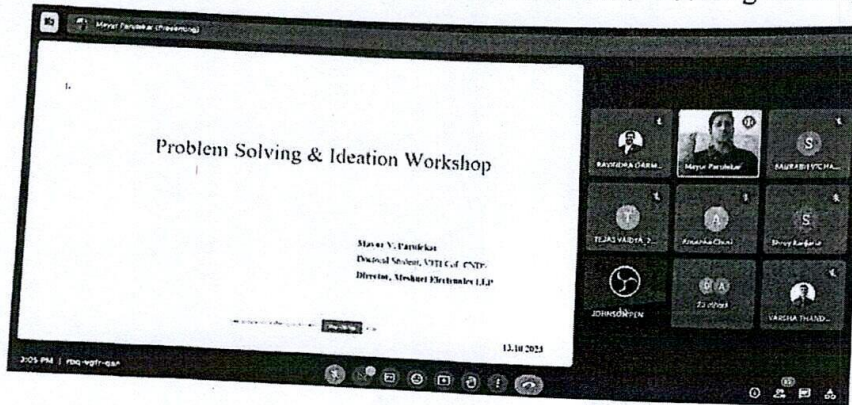

2. Case study 2: Choice and Reuse of Technology - 129 Tail of the Dragon:

The session likely provided insights into how to design and implement of Solutions. They design a board like modular in the nature.

The session was a big success, as all the participants showed keen interest in knowing more about the opportunities and scope. The seminar aims to provide opportunities to final year Students, third year students and second year student to augment Knowledge & skills in key areas involved in Problem Solving and Ideation process. Shared his knowledge & experience on the multiple aspects and the many steps involved in problem solving and ideation process.

PRINCIPAL
St. Francis Institute
Of Technology (Engg-college)
Mount Poincur, S.V.P. Road,
Borivli (West), Mumbai -400 103.

He further elaborated on Good idea Vs Bad idea and Best Student Entrepreneurship Practices that can be adopted to enhance the student's abilities in solving critical problems.

Result:

Students understood the importance of the session and will remember the importance of the resources .The students gained hands-on experience in the Design Thinking methodology, collaborated in teams to build innovative solutions, validated their ideas, and presented their models.

EVENT REPORT

Deep learning empowered optical coherence tomography - Seminar

A Seminar Conducted by IEEE Photonics Society Bombay Chapter, IEEE SFIT Student Branch and EESA SFIT

Date: October 6, 2023

Time: 3.30 pm. – 4.30 pm.

Venue: TPO Seminar Hall

Resource person: Dr. Sheng-Lung Huang

A. Description

Nature of the Event:

A Seminar on Deep learning-enabled Optical Coherence Tomography (OCT) was conducted by IEEE SFIT Student Branch and EESA SFIT on 6th October 2023 from 3.30 pm to 4.30 pm. The speaker for the day was Dr. Sheng Lung Huang from National Taiwan University. The following topics were covered:

- Imaging modality: OCT is a non-invasive imaging technique that uses low-coherence interferometry to capture high-resolution images of internal structures.
- Deep learning integration: Deep learning algorithms are applied to OCT images to enhance image quality, automate disease detection, and extract relevant features.
- Event: The event refers to the acquisition of OCT images and the subsequent analysis using deep learning algorithms to extract meaningful information.

Important Takeaways:

The important takeaways on deep learning-enabled Optical Coherence Tomography (OCT) are:

- Improved image quality: Deep learning algorithms can enhance OCT image resolution, reduce noise, and correct distortions.
- Automated disease detection: Deep learning algorithms can detect diseases with high accuracy, reducing the need for manual analysis.
- Increased efficiency: Deep learning algorithms can automate image analysis, reducing the time and expertise required for manual analysis.
- Multimodal imaging capabilities: Deep learning-enabled OCT can be integrated with other imaging modalities for comprehensive imaging information.
- Point-of-care diagnostics: Deep learning-enabled OCT has the potential for portable, low-cost diagnostics.
- Continuous learning and improvement: Deep learning algorithms can learn from large datasets and improve over time.
- Transformative impact on healthcare: Deep learning-enabled OCT has the potential to revolutionize disease diagnosis and treatment.

Concluding Remarks:

As the event drew a close, Dr. Sheng extended a heartfelt token of appreciation to the Heads of

Borivli (West), Mumbai -400 103.

Departments (HODs), IEEE SFIT Branch, and SFIT for their unwavering support and encouragement. Dr. Sheng ended the workshop with a Q/A session where he cleared the doubt and answered the queries of the students regarding the topic.

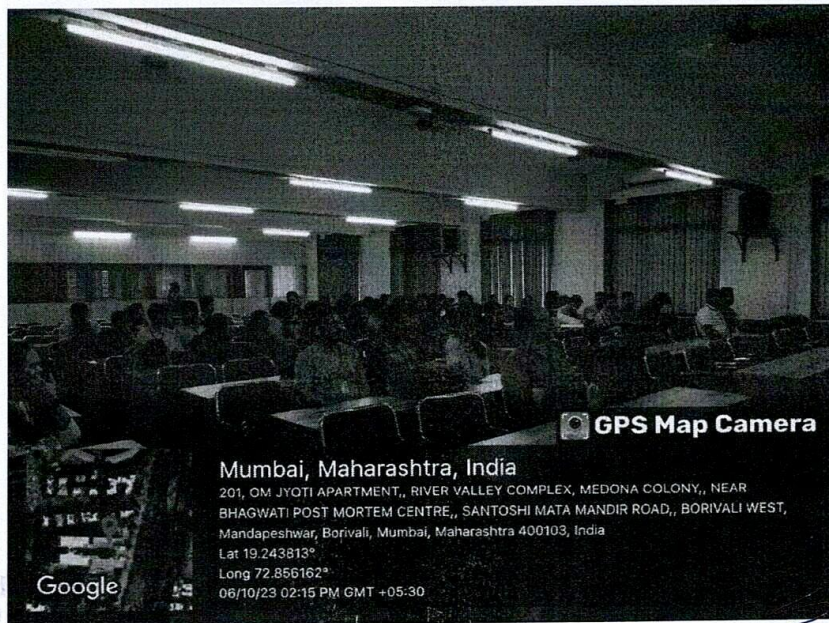

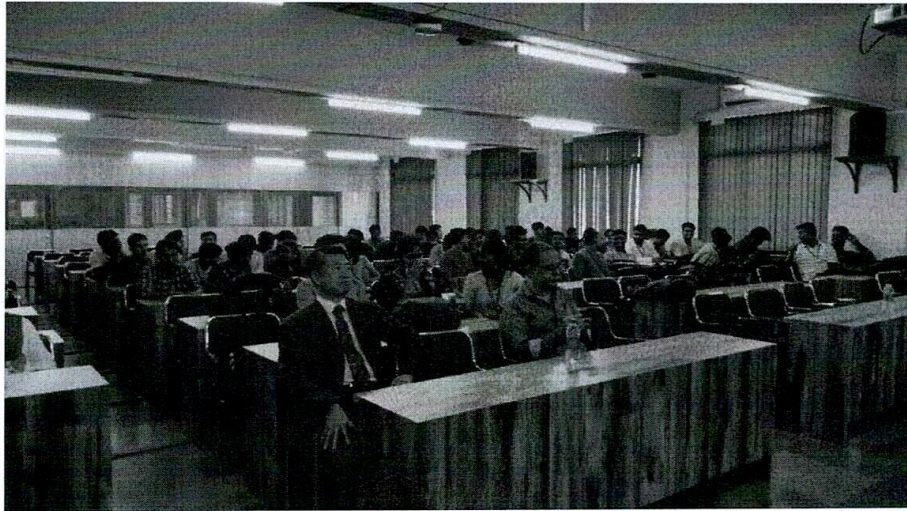

In conclusion, deep learning-enabled Optical Coherence Tomography (OCT) is a transformative technology that has the potential to revolutionize medical imaging and diagnostics.

 Borivli (West), Mumbai -400 103.

Description:

As a part of the Activities under EESA SFIT, a seminar on "Seminar On Ethics".

The resource person, Dr. Merle Coutinho – Counsellor in Health Psychology . The seminar aims to provide Importance of Ethics to second year student to helps to develop a better workplace and avoids unwanted problems.

The welcome speech was given by Siddhi Jangam and Shrey Kanjaria. The seminar covered four important case studies, and four groups had formed. In each group, the case study was performed by the group, and students discussed it. Mam, explain what ethics is and its importance. An example of ethics was given through a video. The session was

Images of the session

Result:

Students understood the importance of the session because They were required to learn about the benefits and limitation of Ethics and how to apply our knowledge to real world situation

7. Robotic Arm

Event Date: 09 February, 2024

Time: 03:00 pm To 04:00pm Venue: 115 SFIT

Resource Person: Mr. Dhruvesh Naik

Description:

As a part of the Activities under EESA SFIT, a seminar on "**Robotic Arm**".

On 29/02/2024, SFIT, Electrical hosted a seminar on robotic arms, aiming to introduce students to the principles, design, and applications of robotic arm technology. The seminar aimed to enhance students' understanding of robotics, particularly in the context of industrial automation and advanced manufacturing processes.

Seminar Highlights:-

The welcome speech was given by Prathamesh Kalsekar and Roshit Jain. The seminar commenced with an overview of robotic arms, their components, and basic functionalities. The session focused on explaining the role of robotic arms in various industries and their significance in modern automation processes. The closing speech was given by Nandish Patil.

Design and Mechanics: Following the introduction, the seminar delved into the design aspects and mechanical principles underlying robotic arms. Participants learned about different types of robotic arms, such as articulated, Cartesian, and SCARA arms, along with their respective advantages and applications.

Control Systems: The seminar also covered the control systems employed in robotic arms, including sensors, actuators, and programming techniques. Participants gained insights into how these systems enable precise control and coordination of robotic arm movements for diverse tasks.

Applications and Case Studies: Through case studies and real-world examples, the seminar highlighted the wide-ranging applications of robotic arms across industries such as manufacturing, healthcare, and logistics. Participants learned about cutting-edge innovations and how robotic arms are revolutionizing various sectors.

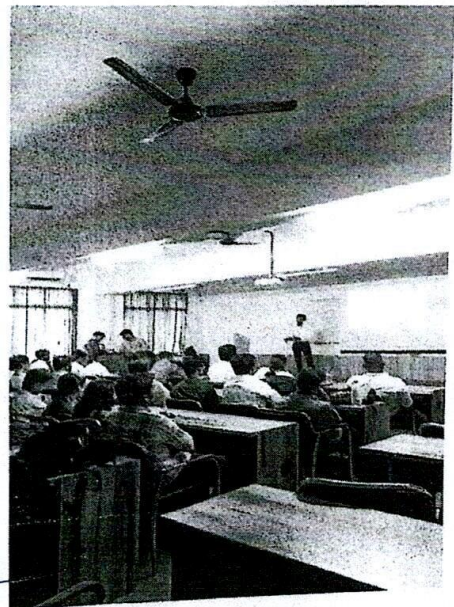

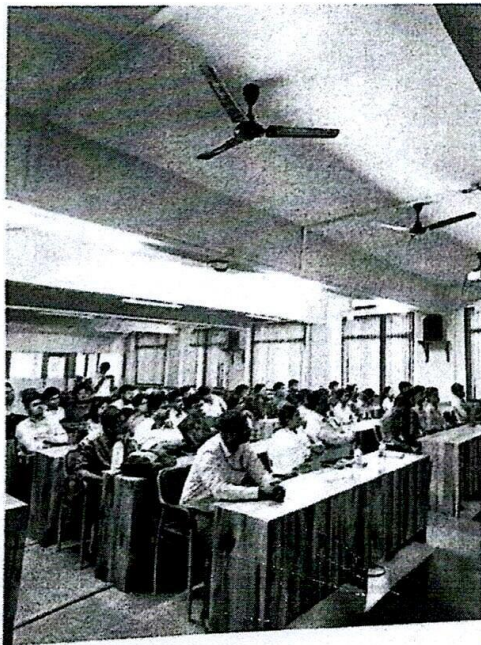

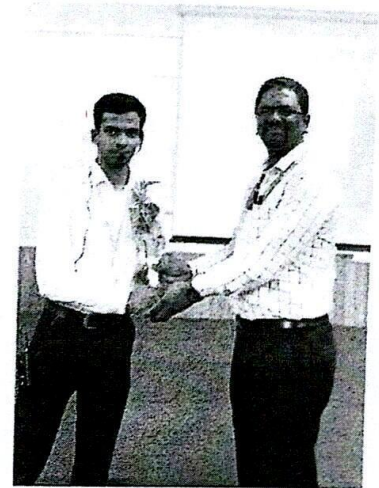

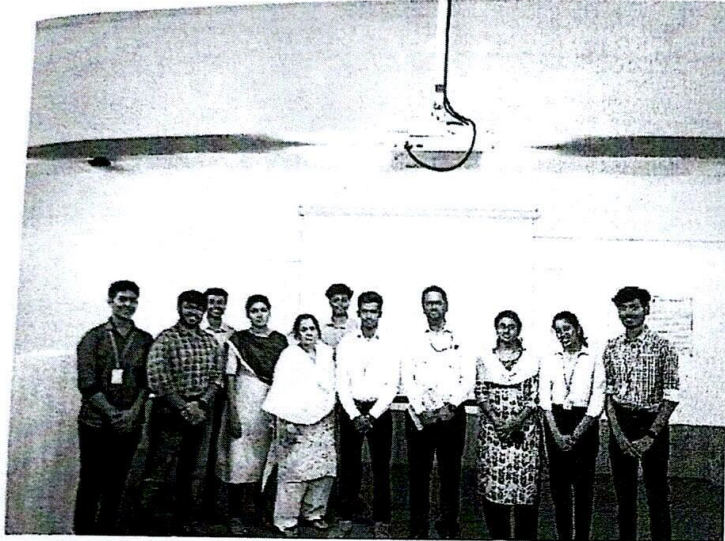

Outcome:-

The seminar received an overwhelming response from students across different disciplines showcasing a keen interest in robotics and automation. Participants actively engaged in

8. Design Thinking, Critical Thinking, and Innovation Design

Title: Design Thinking, Critical Thinking, and Innovation Design

Date: 1st March 2024

Time: 09:45 a.m. Onwards

Location: Live on YouTube

Organizer: IIC-SFIT in collaboration with EESA SFIT

Speaker: Dr. Saurabh Mehta, Chief Academic Officer, Vidyalankar Institute of Technology, Mumbai

Speaker Profile

Dr. Saurabh Mehta is the Chief Academic Officer at Vidyalankar Institute of Technology, Mumbai. He is known for his expertise in fostering innovative thinking and applying critical thinking methodologies to solve complex problems. His leadership and academic contributions have significantly impacted the educational landscape, particularly in engineering and technology.

Workshop Content

The workshop focuses on three key areas essential for modern problem-solving and innovation:

1. Design Thinking:

- **Overview:** An iterative process that involves understanding user needs, redefining problems, and creating innovative solutions to prototype and test.
- **Phases:** Empathize, Define, Ideate, Prototype, Test.
- **Application:** Practical exercises to design user-centric products and services.

2. Critical Thinking:

- **Overview:** The objective analysis and evaluation of an issue to form a judgment.
- **Skills Developed:** Analyzing arguments, identifying biases, evaluating evidence, and reasoning logically.
- **Application:** Case studies and scenarios to enhance decision-making skills.

3. Innovation Design:

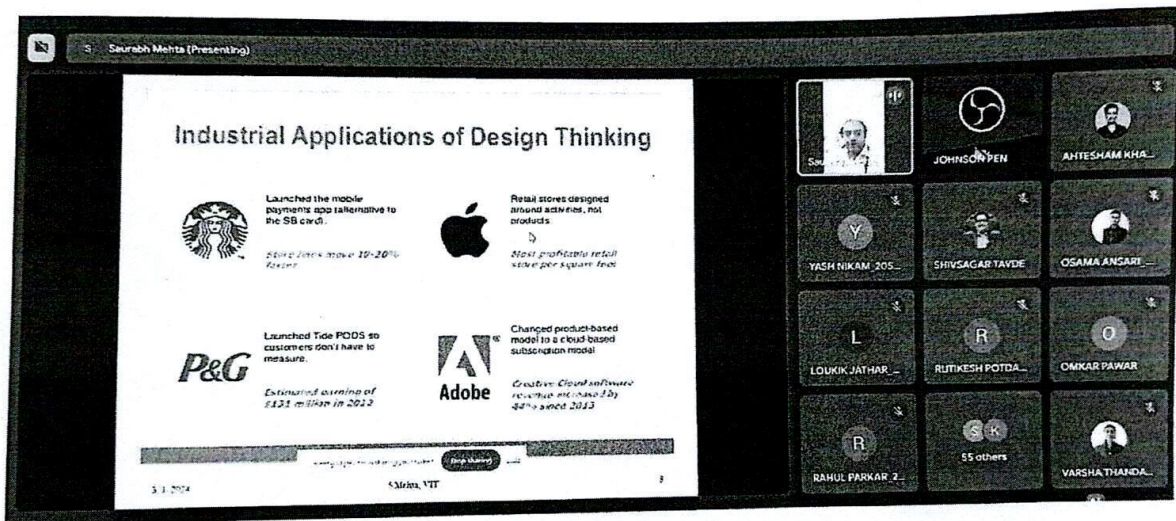

- **Overview:** The process of implementing creative ideas to generate new products, services, or processes.
- **Techniques:** Brainstorming, mind mapping, SCAMPER, and other creative thinking tools.
- **Application:** Group activities to foster collaborative innovation and strategic thinking.

PRINCIPAL
St. Francis Institute
Of Technology (Engg-college)
Mount Painsur, S.V.P. Road,
Borivli (West), Mumbai -400 103.

Workshop Objectives

- Equip participants with practical skills in design thinking to approach and solve real-world problems creatively.
- Enhance critical thinking abilities to evaluate information and make informed decisions.
- Foster an innovative mindset to design and implement new ideas effectively.
- Encourage interdisciplinary collaboration and knowledge sharing among participants.

Images of the session

PRINCIPAL

St. Francis Institute
Of Technology (Engg-college)
Mount Poincur, S.V.P. Road,
Borivli (West), Mumbai -400 103.

Result:

The workshop aims to provide participants with a comprehensive understanding of the principles and practices of design thinking, critical thinking, and innovation design. By engaging in interactive sessions and practical exercises, attendees will be better equipped to apply these methodologies in their respective fields, ultimately contributing to a culture of innovation and continuous improvement.

9. Electrical Symposium 2K24

Overview

The Electrical Symposium 2K24 was successfully conducted on March 27, 2024, at St. Francis Institute of Technology. Organized by the Electrical Engineering Student Association (EESA) and the Department of Electrical Engineering, the event aimed to empower and inspire students through insightful talks, networking opportunities, and discussions on the latest trends in electrical engineering.

Event Proceedings

1. **College Anthem** The event commenced with the college anthem, creating a unified and inspirational atmosphere among attendees.
2. **Welcome Address** Ms. Varsha Thandassary, the Asst Head of the Electrical Engineering Department, delivered a warm welcome address. She emphasized the importance of such events in bridging the gap between academic learning and industry expectations.
3. **Keynote Address** The keynote speech was delivered by Dr. Shriram Patil from Transasia Bio-Medicals Ltd. His talk focused on the importance of the 7 QC tools in the life of an electrical engineer. Dr. Patil highlighted real-world applications of these tools and their impact on enhancing quality and efficiency in engineering projects.
4. **Address by Distinguished Alumni** Officer Cadet Aditya Yadav from OTA Chennai shared his journey and experiences, inspiring students with his transition from engineering to a military career. His address emphasized the diverse career paths available to engineering graduates and the importance of discipline and dedication.
5. **Symposium Overview** Dr. Adil Sheikh, the event coordinator, provided an overview of the symposium. He highlighted the main themes and objectives, which included fostering innovation, encouraging collaboration, and providing insights into current and future trends in electrical engineering.
6. **Vote of Thanks** The inauguration concluded with a vote of thanks by Mr Pratik Rahate CoCoordinator, Electrical Symposium2024. He expressed gratitude to all speakers, sponsors, and attendees for their contributions to the success of the event.

PRINCIPAL
St. Francis Institute
Of Technology (Engg-college)
Mount Poincur, S.V.P. Road,
Borivli (West), Mumbai -400 103.

Key Highlights

- **Empowering Everyday Life Electrically:** The central theme of the symposium resonated through various sessions, emphasizing the role of electrical engineering in enhancing daily life.
- **Industry-Academia Interaction:** The event provided a platform for students to interact with industry experts and alumni, gaining valuable insights into the professional world.
- **Focus on Quality Control:** The keynote address by Dr. Shriram Patil highlighted the critical role of quality control tools in engineering, encouraging students to adopt these practices in their projects.

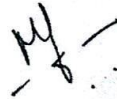

Result

The Electrical Symposium 2K24 was a resounding success, achieving its goal of empowering and inspiring the next generation of electrical engineers. The event provided a valuable platform for learning, networking, and professional development, reinforcing the commitment of St. Francis Institute of Technology to excellence in engineering education.

Description: The seminar on Industrial Automation held on March 2nd & 15th, 2024, marked a special occasion for the Electrical Engineering department, attracting a diverse audience of both faculty and students. Serving as the chief guest and expert, Pramod Jayakar, a renowned figure in the field, shared invaluable insights into various facets of industrial automation. His extensive knowledge and experience added substantial value to the seminar, captivating attendees with real-life examples and cutting-edge technologies. Through engaging presentations and video demonstrations, Mr. Jayakar illuminated the processes of cutting and moulding iron pieces using high-speed automatic machines, vividly illustrating the role of automation in minimising human intervention.

**TELECOM NETWORK MANAGEMENT: PRACTICAL
APPROACH**

Event Details

The speaker of the workshop is our renowned faculty at St. Francis Institute of Technology in Computer Engineering department.

The event focused on the following key points on DSA :

1. Understanding the concept of dynamic programming
2. Exploring classic dynamic programming problems like the knapsack problem, longest common subsequence.
3. Practicing dynamic programming techniques through hands-on coding exercises
4. Applying DSA knowledge to solve real-world problems and coding challenges.
5. Emphasizing the significance of DSA skills in software development and technical interviews.

St. Francis Institute of Technology
IEEE SFIT Student Branch
Title: Hands-on Session on SQL

Dates: 23/08/2023

Time: 1:00 PM-3:00 PM

Venue: TPO room (Offline Mode)

No. of registered Students: 106

Resource Person: Mr. Hansel D'souza

A. Description:

The Hands-on SQL session held in the TPO room at St. Francis Institute of Technology (SFIT) was a significant event for Third Year (TE) EXTC students, providing them with valuable insights into the world of SQL (Structured Query Language). Organized by the IEEE SFIT Student Branch in collaboration with the EXTC Department and the SFIT Alumni Association, the session was led by Mr. Hansel Dsouza, the President of the Alumni Committee. The session, which lasted for two hours, was designed to be highly interactive, allowing students to engage directly with Mr. Dsouza and deepen their understanding of SQL and its applications.

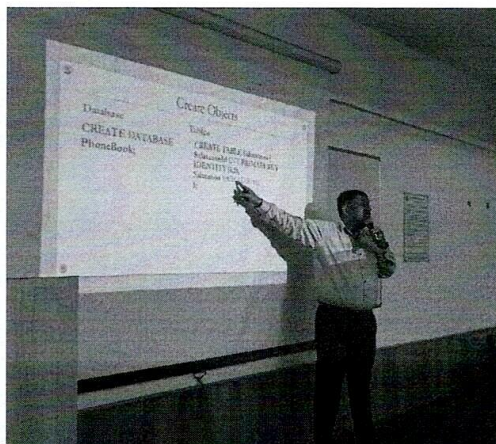

Throughout the session, students were introduced to various practical use cases of SQL, which helped them to see how this powerful tool is applied in real-world scenarios. Mr. Dsouza shared his extensive knowledge of SQL, focusing on how it is used to manage and manipulate databases effectively. The students learned about the challenges associated with database management, including issues related to data integrity, optimization, and handling large datasets. These discussions provided them with a deeper appreciation of the complexities involved in managing databases and the importance of SQL in overcoming these challenges.

The interactive nature of the session encouraged students to ask questions and engage in discussions, making the learning experience more dynamic and effective. This approach not only helped the students to grasp the concepts better but also inspired them to think critically about how they could apply these skills in their academic and professional careers.

Overall, the Hands-on SQL session was a resounding success, leaving a lasting impact on the students who attended. The collaboration between the IEEE SFIT Student Branch, the EXTC Department, and the SFIT Alumni Association ensured that the event was well-organized and met its objectives of enhancing the students' knowledge and skills in SQL. The students were grateful for the opportunity to learn from an industry expert like Mr. Hansel Dsouza and expressed enthusiasm for applying what they had learned in future projects. The event also underscored the importance of alumni involvement in enriching the educational experiences of current students, and the continued support from the SFIT Alumni Association was greatly appreciated.

Title: MOSIAC- RADIANT RUMBLE

Dates: 15/09/2023-16/09/2023

Time: 9 AM-5 PM

VENUE: 613, 614, 615

No. of registered Students: 306

A. Description:

RADIANT RUMBLE: A Glow-Ring Football Tournament was organized by IEEE SFIT Student Branch(ISSB) for MOSIAC 2023. In contrast to traditional ring football, Glow Ring-Football is played in a unique setting where the playing field is illuminated by UV black light and marked with reflective tape. This distinct version of football involves two teams, each comprising three players, and takes place in a dimly lit room.

Each player was given a glow-stick band with a single color for their respective team as well as a UV reflective vest. The football was also UV-reflective. As it was an event for Mosaic there were many technical aspects such as the completion of technical criteria instead of a toss. In rooms 614 and 615, two games were played simultaneously on two different rings/grounds.

Day 1:

After the Mosaic inauguration, we commenced the first round of the tournament. Instead of a traditional coin toss, at the start of the match, both teams were asked a technical question, and the team that hit the buzzer first and gave the correct answer was given the option to choose the side and start the game first. The match began after the toss and the rules of the match were explained to both teams by the referee. Each match was played for 5 minutes and the winners qualified for the next round.

The participants waited for their matches in 613 as the matches for the first round were conducted simultaneously on the two grounds. In between the matches, the faculty members also turned up to show their support and play some friendly matches. We concluded the day with the end of the first round and the start of a few matches in the second round.

Day 2:

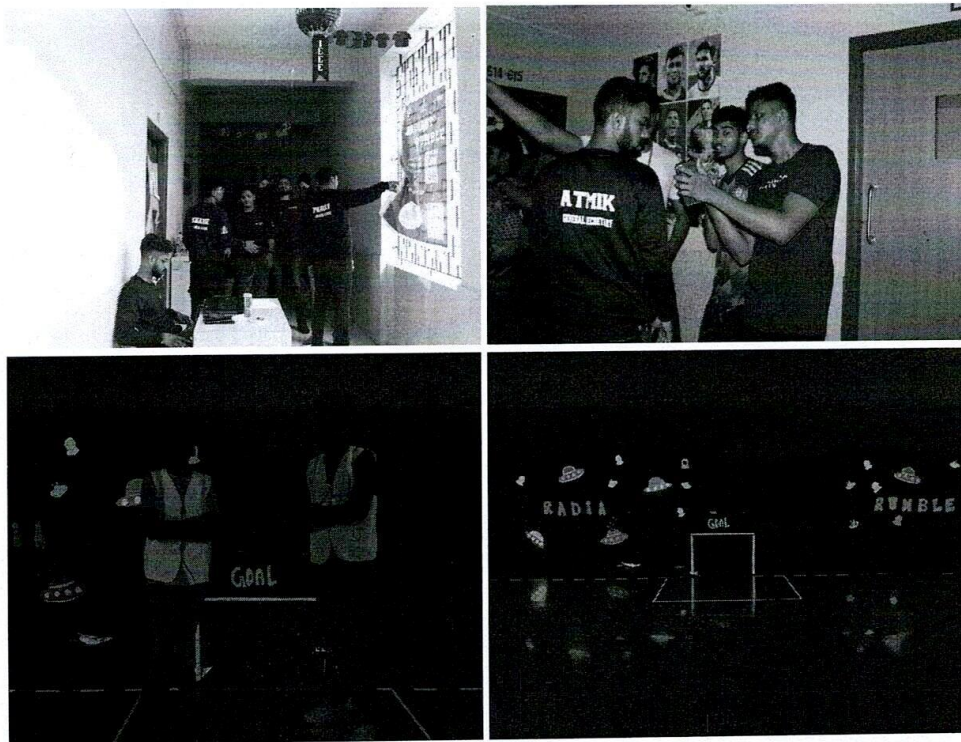

The teams that qualified for the next rounds on the first day showed up for the matches. The matches for the second round continued in one of the grounds while the first-round matches and a few friendly matches for the faculty members were conducted in the beginning. The matches of the second and third knockout rounds were played simultaneously on the two grounds as the first round came to an end.

PRINCIPAL
St. Francis Institute
Of Technology (Engg-college)
Mount Poincur, S.V.P. Road,
Borivli (West), Mumbai -400 103.

After successfully navigating through the second and third rounds, the winners of those rounds advanced to face each other in the fourth knockout round. The triumphant team from the fourth knockout round then competed in the semifinals of the tournament, to secure a place in the finals. Meanwhile, two of the teams that were defeated in the semifinals faced off in a match to determine who would secure third place in the tournament.

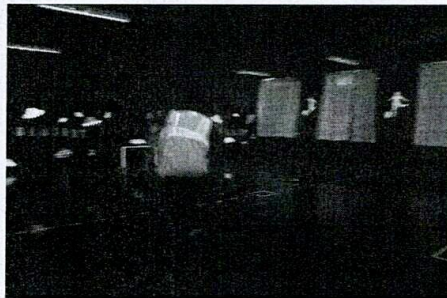

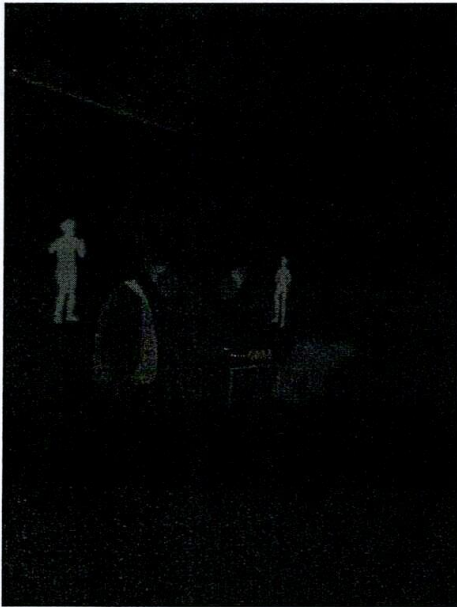

With great success, the event concluded as the IEEE SFIT Student Branch (ISSB) Core members awarded the winnings, footballs, and football jerseys to the winners.

Title: Code Your Career

Dates: 30/09/2023

Time: 10AM-12.30PM

Venue: 128 and Google Meet (Hybrid mode)

No. of registered Students: 60

Resource Person: Mr. Sumit Gerela

A. Description:

IEEE SFIT Student Branch(ISSB) in collaboration with IEEE Bombay Section and IEEE Young Professionals conducted a career guidance seminar in room no 128. The seminar was conducted by 'Mr. Sumit Gerela' who is a Senior Software Engineer(SDE) at 'Apple' with 10 years of experience in IOS Development.

The session began with the SFIT college anthem. Then Mr. Sumit introduced himself and explained in detail about the path he took to his current position. He explained how he completed his Bachelor's from Thadomal Shahani College of Engineering. He explained how he started as a Junior Developer at Accenture where he gained invaluable experience. After this, he pursued a Master's in Computer Engineering at San Jose State University in the US. At the same time, Mr. Sumit also helped 'UPWORK' with building a mobile application that connects freelancers and clients. After accumulating a wealth of knowledge and experience, he joined Apple as an SDE and is currently contributing to the Map's team and even exploring curated content at Apple.

This was followed by a Q & A session where the speaker clarified the concerned doubts. The doubts were regarding overseas education, his time at Accenture, and whether Mr. Sumit is willing to lead his own technology business someday. The seminar ended with a note of thanks from our Convener, 'Ms. Dakshata Panchal'.

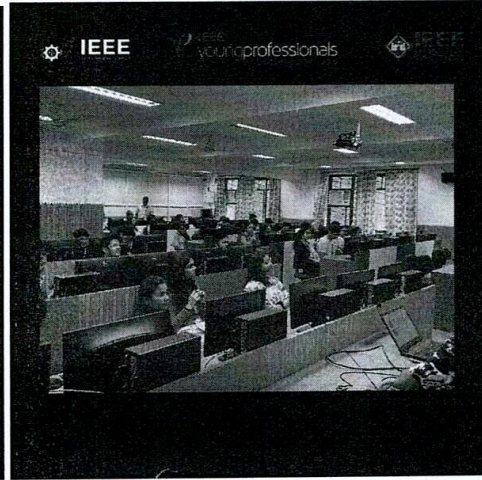

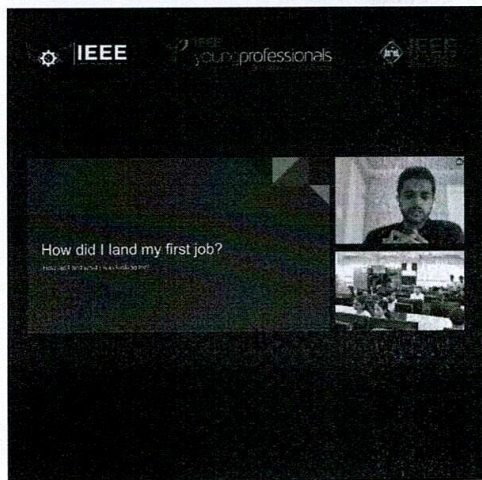

After the successful completion of the event, The Secretary of the IEEE Bombay Section, 'Mr. Sahil Sawant' explained to us in brief the benefits of being an IEEE member. These included networking opportunities, and detailed information about the IEEE organization and its various entities(IEEE Bombay Section, IEEE India Council, etc.).

Mr Sahil's talk ended with a note of thanks from himself as well as our hosts for the day.

Title: Code Your Career

Dates: 07/10/2023

Time: 1:00 PM-3:00 PM

Venue: 318

No. of registered Students: 37

Resource Person: Ms. Rakhee Sonawane

A. Description:

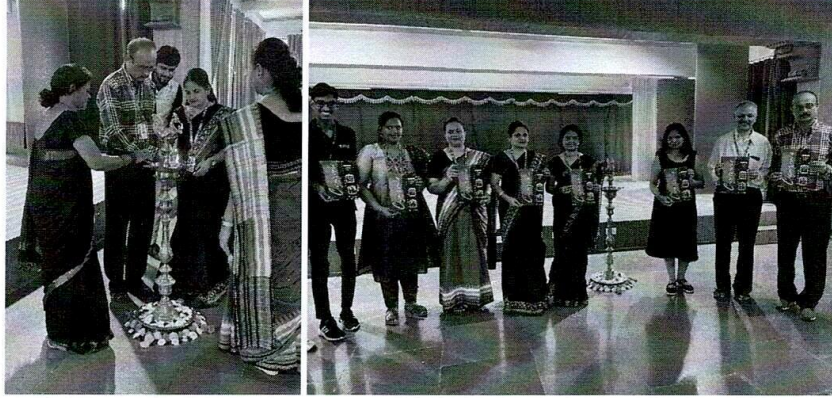

IEEE SFIT Student Branch(ISSB) committee - WIE inaugurated their logo followed by a session on cloud computing held by Ms. Rakhee Sonawane. The HoDs and other staff members of the college participated in the inauguration. Dr. Kavita Sonawane, HoD CMPN SFIT and Chair of WIE committee IEEE Bombay section was the chief guest for the inauguration. The session began with the SFIT college anthem. The WIE logo was inaugurated together with Dr. Kavita briefing the students on the objective of the IEEE Bombay Section WIE committee. This was followed by the unveiling our annual newsletter for the AY 2022-23.

In the second half of the event Ms. Rakhee Sonawane shared his knowledge on Cloud computing and her journey as a SKEP speaker in IEEE Bombay section. She introduced various core cloud computing concepts to students and encouraged them in exploring the various platforms available for cloud computing. The session ended at 3pm.

Title: CodeQuest

Dates: 20/10/2023

Time: 1:00 PM-3:00 PM

Venue: 128, 406, 602, 604, 628 and Online (Hybrid)

No. of registered Students:

Resource Person: Ms. Rakhee Sonawane

A. Description:

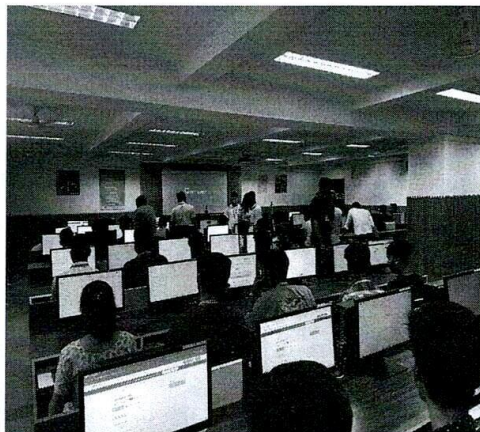

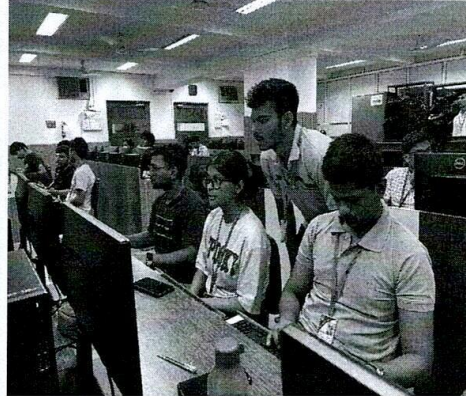

The inaugural Codeathon, "CodeQuest," organized by IEEE SFIT Student Branch (ISSB) in collaboration with Coding Ninjas, was a thrilling coding contest aimed at challenging and inspiring coding enthusiasts. This intercollege solo event was conducted through both online and offline modes.

The offline component of the event took place in various rooms, including 128, 406A, 406B, 602, 604, and 628, where participants gathered to showcase their coding skills and push their boundaries. The event featured a total of six mind-bending coding challenges designed to assess participant's problem-solving skills and creativity. Participants were given a two-hour window to decipher the problem statement and write their code, with the flexibility to submit solutions as many times as needed, though only their best submission would be considered for evaluation.

Top coders who competed for leading positions, along with the ultimate winner, were rewarded with attractive prizes, based on their rankings. The event achieved remarkable success, attracting a total of 347 participants, including more than 140 offline attendees.

Title: JOB-HUNT

Dates: 02/02/2024

Time: 1:00 PM-3:00 PM

Venue: TPO room (Offline Mode)

No. of registered Students: 111

Resource Person: Mr. Adhish Rane

A. Description:

IEEE-SFIT Student Branch in collaboration with Electronics & Tele-communication Engg. Department (EXTC) of St. Francis Institute Of Technology conducted a seminar on the topic "Job Hunt ". The seminar provided valuable insights into current job landscapes for engineering students and was held on 2nd Feb, 2024 at TPO Room.

This seminar featured Mr. Adhish Rane as the distinguished speaker . Mr.Rane is expertise in the field of Sales Enablement -Facilitator / Coach in Google and holds significant experience in both academics and industry. His Insights into the job market dynamics and career opportunities for engineering students are highly regarded.

Mr. Adhish Rane delivered a comprehensive presentation focusing on the current job opportunities available for engineering students. The seminar covered various aspects including:

- Emerging trends in the industry
- In-demand skills and competencies
- Job roles and responsibilities
- Career pathways and growth prospects

Mr. Rane shared real-world examples and case studies to illustrate the practical implications of different career choices. Additionally, he provided guidance on how students can enhance their employability and succeed in their chosen fields.

The topics in the seminar were the parts from real world examples like placement psychology. Mr.Rane also differentiated between the main ways of how a human work psychology works in proactive mode as well as reactive mode.

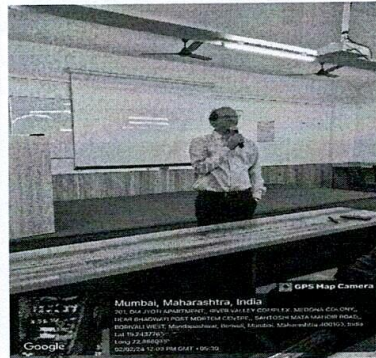

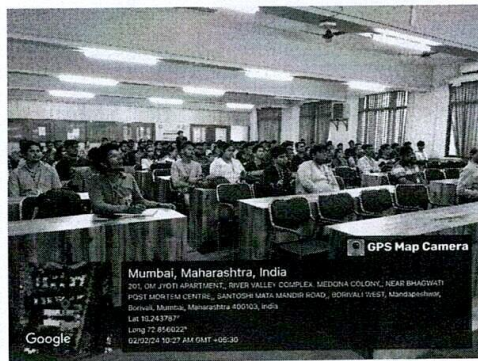

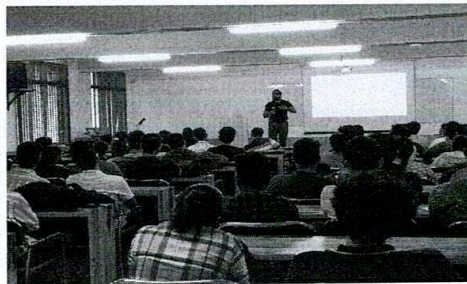

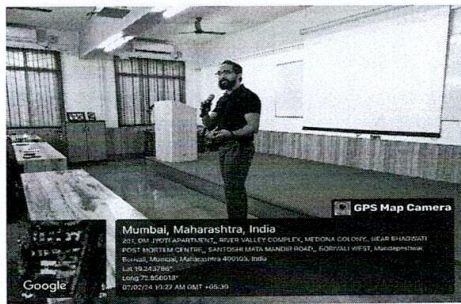

During the seminar, the audience exhibited an eagerness to delve deeper into the nuances of the topics discussed by Mr. Rane. Students, in particular, actively engaged in the session, showcasing a keen interest in understanding how their academic pursuits could align with the current industry demands. Their inquiries ranged from seeking guidance on selecting specialized fields of study to understanding the relevance of certain emerging technologies in today's job market.

PRINCIPAL
St. Francis Institute
Of Technology (Engg-college)
Mount Painsur, S.V.P. Road,
Borivli (West), Mumbai -400 103.

The Q&A session served as a dynamic platform for exchange, fostering a collaborative atmosphere where attendees freely shared their thoughts, experiences, and aspirations. Mr. Rane's adept handling of queries further enriched the discussion, providing attendees with actionable insights and empowering them to make informed decisions about their future career paths. Overall, the interactive nature of the session facilitated meaningful engagement and left a lasting impression on all participants.

Mr. Wilson Pinto and the other Faculty members, with their wealth of experience, posed insightful questions that prompted deeper discussions on the practical application of theoretical knowledge in professional settings. Their queries often revolved around strategies for integrating industry-relevant projects into the curriculum and fostering interdisciplinary collaboration among students to enhance their skill sets.

Title: E-Waste Drive

Dates: 23/03/2024

Time: 4.00 PM-5.00 PM

Venue: Google Meet (Online mode)

No. of registered Students: 12

A. Description:

The IEEE Student Branch, in partnership with the IEEE Bombay Section, organized an e-waste drive event aimed at raising awareness and promoting sustainable practices in handling electronic waste. The event took place virtually, allowing participants to join from various locations. With the overarching theme of "Dive into Sustainability," the event sought to inspire individuals to take proactive steps towards environmental conservation and responsible electronic waste disposal.

Key Highlights:

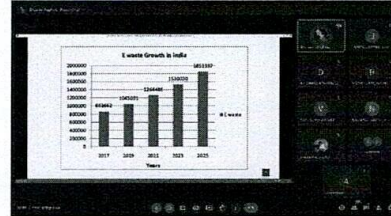

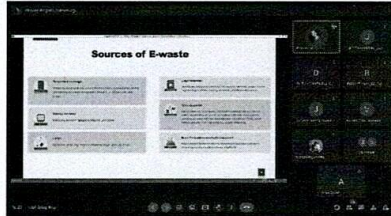

- The event commenced with a brief introduction to the significance of e-waste management, emphasizing the environmental and social implications of improper disposal of electronic devices. Attendees were encouraged to actively participate in promoting sustainable solutions to address this growing concern.
- Ms. Bhavika Waghela, a renowned expert in e-waste management and Business Development Executive at Techeco E-waste Management Company, delivered an insightful talk on the topic. Ms. Waghela's expertise and experience provided valuable insights into the challenges and opportunities in the field of e-waste management. Her presentation sparked engaging discussions among attendees, fostering a deeper understanding of the issue at hand.
- Following Ms. Waghela's talk, the organizers expressed their gratitude for her contribution to the event. Attendees were then briefed about the upcoming blog writing competition, inspired by the theme of sustainability. Instructions regarding the competition guidelines and deadlines were provided, encouraging participants to channel their creativity and contribute to the ongoing dialogue on e-waste management.

Title: VIRTUAL-HUNT

Dates: 15/04/2024

Time: 12.00 PM-4.00 PM

Venue: 128 (Offline mode)

No. of registered Students: 52

A. Description

IEEE-SFIT Student Branch in collaboration with GDG-Game Developers Guild of **St. Francis Institute Of Technology** conducted an “**Virtual Hunt**”. It provides a unique opportunity for individuals to come together in a virtual or physical space, fostering teamwork, communication, and creativity. Aimed at promoting game development, the event featured a game developed by GDG and incorporated activities that tested participants' brain skills. This event aims to enhance participants' overall learning experiences by combining intellectual challenges, problem-solving tasks, and interactive activities, promoting a sense of camaraderie and shared accomplishment.

Key points of the event include:

- **Teamwork and Communication:** Participants are required to work in teams, enhancing their collaboration and communication skills.
- **Creativity:** The event includes various challenges that require innovative thinking and creative problem-solving.
- **Game Development Promotion:** The event highlighted the importance of game development, with the game played during the event being developed by GDG.
- **Brain Skills:** Activities within the event were designed to test and improve participants' cognitive abilities.

Virtual Hunt Event successfully combines teamwork, communication, creativity, game development, and intellectual challenges in a unique and engaging platform. By promoting a sense of camaraderie and shared accomplishment, it enhances participants' overall learning experiences, making it a significant contribution to their educational and personal development.

Report on "Data Governance and Privacy Seminar"

- Event Date: **26th July 2023** Time: **1:00 PM to 3:00 PM (2 Hr)**
- Venue: **TPO Auditorium (Room No. 114)** No. of participants: **122**
- Resource Person: **Mr Akshay Dhingra**
- Mode: **Offline**

A. Details:

The Data Governance and Privacy Seminar was organized by ITSA for final year IT students on 26th July 2023. The session was organized by the ITSA team with the help of ITSA coordinators Mrs Shree Jaswal and Mrs Prajyoti Dsilva. Mr Akshay Dhingra was the resource person for the session. Mr Dhingra has 7+ years of experience and currently works as a data governance professional at TIAA. An alumnus of VIT Vellore, he has worked at Unilever, Ernst and Young, Deloitte and at IIT Bombay as a research assistant.

The agenda of the event was:

1. Welcome Session
2. Introduction of our speaker of the day
3. Handing over the session to Mr Akshay Dhingra
4. Question & Answer session
5. Felicitation Ceremony & Vote of Thanks

With the rise of data science, machine learning and artificial intelligence, data has become more valuable than ever before. Data governance and data privacy is the need of the hour. The session was aimed at providing insights to the final year INFT students about the importance of data and how data is used in the corporate industry. Mr Dhingra was welcomed with a bouquet by INFT HOD Mrs Prachi Raut.

The key topics discussed in the seminar:

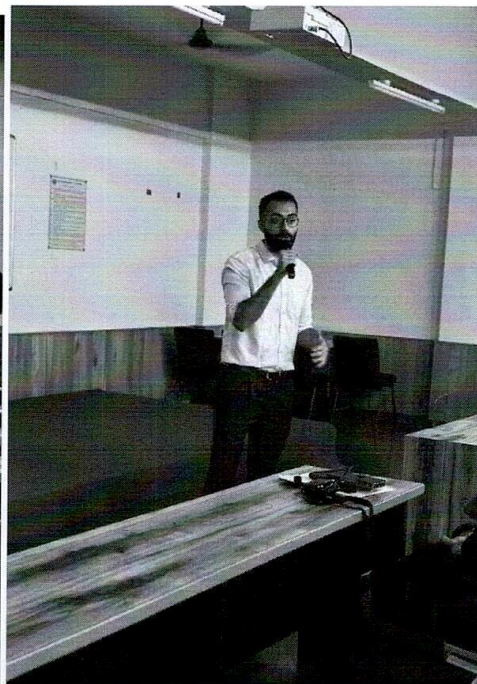

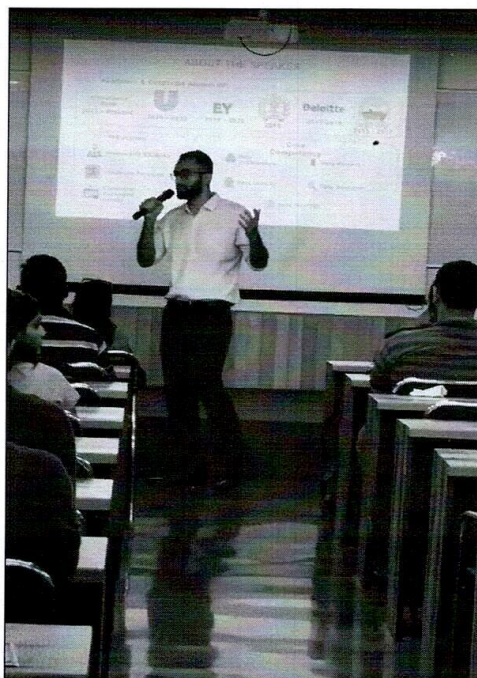

PRINCIPAL
St. Francis Institute
Of Technology (Engg-college)
Mount Painsur, S. V. P. Road,
Borivli (West), Mumbai - 400103.

- Importance of data in today's world
- What is data governance?
- What is data privacy and the need for data laws and regulations
- Data literacy and data security
- Career opportunities in the field of data governance

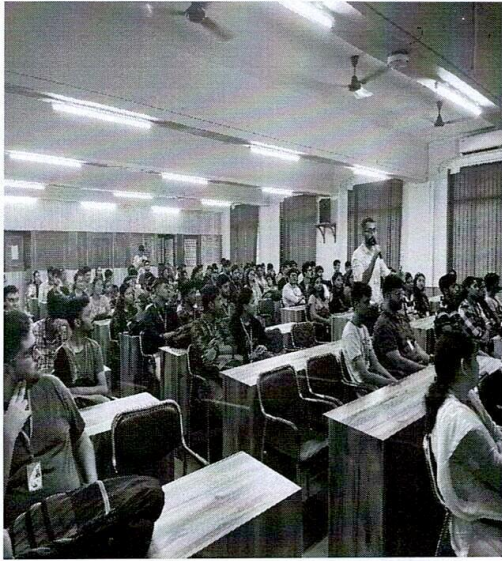

The total number of participants was 122 including 99 BE IT students, ITSA Coordinators, 13 team members and 10 teachers.

Mr Dhingra concluded the interactive seminar with a Q&A session which included questions from students about white papers and importance of data governance for developers. Our ITSA coordinators presented a small token of appreciation to our speaker. Lastly, a vote of thanks was delivered for our speaker and the participants.

Report on "Mosaic 2023"

- Event name: **Forza Infernox Grand Prix**
- Event Date : **15th - 16th September 2023**
- Time : **Day 1: 11:00am - 6:00pm**
Day 2: 10: 00am - 4:00pm
- Venue : **Room No.314 - 315(New Building)**
- Title sponsor: **Frameboxx 2.0**
- Other Sponsors: **Model Bank, Gee Bee Education and Red Bull**
- No of participants : **Day 1: 138**
Day 2: 127

A. Details:

Mosaic, which is a technical fest, was organised by St. Francis Institute of Technology on 15th and 16th September 2023. It was held on campus. The timing for the fest on the first day was from 9:00am to 5:00pm and for the second day from 10:00am to 4:00pm. The fest was held at inter college level as the college completed 25 years of its establishment. All the student committees organised technical games for the students. ITSA organised a thrilling event named Forza Infernox Grand Prix for Mosaic in Room no. 314 -315.

On the first day of Mosaic i.e 15th September 2023 an inauguration ceremony was held in the auditorium for all students. The ceremony started at 9:00 am and ended at 10:00 am. The dignitaries for the ceremony were Bro.Shantilal Kujur, Principal Sincy George and Mosaic Conveners Dr. Hariprasad Chellamallu and Ms. Dakshata Panchal. The dropdown of ITSA's event along with all the committees were dropped in the quadrangle, the live telecast of which was shown in the auditorium. This was followed by introductory videos of ITSA and other committees. ITSA commenced its event for the participants from 11:00am. The registration fee was Rs.120. There was an early bird offer kept for the participants through the registration link to pre-register for the event.

PRINCIPAL
St. Francis Institute
Of Technology (Engg-college)
Mount Poinzur, S. V. P. Road,
Borivli (West), Mumbai - 400 103.

Rs.100 was charged for early bird registrations. The dignitaries of the inauguration ceremony attended the event along with the Student council. The event closed at 6:00 pm in the evening. On the first day, the participants count was 138. Forza Infernox GP consisted of 3 stages:

Stage1: RC Cars Racing- Participants were given the opportunity to race modified RC cars through an offroad circuit.

Stage2: Logitech Simulator- Participants raced using the simulator for 3 consecutive rounds

Our title sponsor Frameboxx 2.0 provided 2 VR headsets to be used during the event which were given to participants for experiencing VR games. These headsets were given to participants for playing VR games without any additional charges.

The second day i.e on 16th September 2023 ITSA and other committees attended a short welcoming ceremony of judges of HackX and Robo Rumble. ITSA started taking registrations from 11:00 am. Ms. Priyanka Patil, Ms. Nidhi Chitalia, Ms. Minal Lopes, Ms. Shree Jaswal, Ms. Akansha Naik, Ms. Sonali Suryawanshi, Ms. Prajyoti D'silva, Ms. Jennet Pereira and Mr. Rajesh Gurav from IT department along with HOD Dr. Prachi Raut participated in the event with their family members. The events closed for students at 4:00pm in the evening. The total number of participants for the day was 127.

Winner's List:

1st Prize

- Mr.Dewain Diago (TE CMPN B)

Cash Amount - Rs.2500

2nd Prize

- Mr.Shubhael Vaz (FE CMPN B)

Cash Amount - Rs.1500

The total number of participants was 265. The students had a great experience at Mosaic.

Report on "C and Prolog Workshop "

- **Event Date:** 21st October 2023 **Time:** 10:15 AM to 12:30 AM (2 Hr 15 min)
- **No. of participants:** 70
- **Resource Person:** Mr. Anup Kunte
- **Mode:** Online

A. Details:

A session on C and Prolog was organized by ITSA on 21st October 2023. It was conducted online using Google Meet from 10:15 a.m. to 12:30 p.m. It aimed at providing students with a deeper understanding of Prolog and C programming languages. This session was conducted by our esteemed speaker, Mr. Anup Kunte.

The session was conducted exclusively for all second-year IT students, and it mainly focused on Prolog. The main key points covered in the session are as follows:

1. Introduction to Prolog highlighting its significance in the world of programming languages.
2. Basics of Prolog including its syntax, data structures, and core principles.
3. Facts and Rules in Prolog and demonstrating how they are used to represent information and relationships.
4. Creating a Knowledge Base which is essential for problem-solving and decision-making.
5. How to Run Prolog emphasizing the importance of proper execution.
6. Solving Complex Queries and showcasing the language's capabilities in handling intricate problems.
7. Debugging Queries ensuring that students can identify and rectify errors effectively.

Sir gave many examples for better understanding. The session was highly informative and greatly contributed to deepening the understanding of Prolog among the students. Mr.

Information Technology Students' Association (ITSA)

Anup Kunte started from the basics and covered all the important topics. His expertise in the subject matter and engaging teaching style made the complex concepts accessible and understandable. He highlighted the importance of the programming languages and also discussed the use cases of the same. Kunte sir also held a short Q and A session to help clear doubts regarding the topic. He shared valuable study materials and links with the students so that they could get more knowledge of the languages through proper resources. Students enjoyed the session and were eager to attend more such sessions as they play a crucial role in enhancing the academic and professional growth of IT students.

The total number of participants was 68 including ITSA Coordinators, Coordinators of SEIT classes, and 19 team members.

Date: 16th January 2024

- **Event Date:** 13th January 2024
 - **Venue:** Google Meet
 - **Resource Person:** Mr. Parth Barai
 - **Mode:** Online
- Time:** 11:00 AM - 12:00 PM (1 Hr)
No. of participants: 26

A. Details:

The Online Coding Platforms Seminar was organized by ITSA for second and third-year IT students on 13th January 2024. It was conducted as an online Google Meet session from 11:00 am to 12:00 pm. The session was organized by the ITSA team with the help of ITSA coordinators Mrs. Shree Jaswal and Mrs Prajyoti Dsilva. Mr Parth Barai was the resource person for the session. Mr Barai is a BE student at St. Francis Institute of Technology. He has numerous achievements to his name including being a 2x Hackathon Winner, Winner at Hack IT Sapiens '23, First Runner-up in VCET Hackathon '22 and holds a three-star rank on the online coding platform Codechef.

The agenda of the event was:

1. Welcome session
2. Introduction of our speaker of the day
3. Handing over the session to Mr. Parth Barai
4. Session on various coding platforms and guiding students about
5. Question & Answer session
6. Vote of Thanks

The ever-increasing competition among engineering students to ace coding and master its concepts is evident in today's time. However, it is essential for the students to know how and through which steps they can excel in coding. Mr. Parth Barai shared some important insights about learning to code as college students. He not only shared his own experiences and knowledge but also displayed practical examples of coding problems along with reference sheets for the students to learn from and improve their coding skills.

PRINCIPAL
St. Francis Institute
Of Technology (Engg-college)
Mount Poincur, S. V. P. Road,
Borivli (West), Mumbai - 400 103.

The key topics discussed in the seminar:

- How to begin?
- Different types of coding platforms
- How to choose a coding platform?
- Execution of coding problems
- Self-evaluation
- Time complexity
- Real-time example solving
- Referential Sheets
- Advice for better understanding
- Q&A session

The total number of participants was 26 including students from the Second and Third Year INFT Department and also coordinators Ms. Shree Jaswal and Ms. Prajyoti D'silva.

By listing various platforms such as CodeChef, Leetcode, etc along with the opportunities these platforms present to the students to display their coding skills and track their progress on a daily basis, Mr Barai gave students a clear idea about how to use these online platforms effectively. He also provided links to various insightful resource pages that the students can use to their reference. Mr. Barai concluded the interactive seminar with an Q&A session providing in-depth knowledge from his years of experience and motivating the students to practice coding in an organized and stress-free manner. Lastly, a vote of thanks was delivered to our speaker and the participants.

- **Event Date:** 31st January 2024 **Time:** 3:00 PM - 5:00 PM (2 Hrs)
- **Venue:** TPO Room **No. of participants:** 33
- **Resource Person:** Mr. Aakash Binjwe
- **Mode:** Offline

A. Details:

The Frameboxx AR-VR specialized Seminar was organized by team ITSA for the second and third-year IT students on 31st January 2024. It was conducted as an offline event at the TPO Room (No: 318) at the St. Francis Institute of Technology between 3:00 pm to 5:00 pm. The session was organized by team ITSA with the help of ITSA coordinators Mrs. Shree Jaswal and Mrs. Prajyoti Dsilva. Mr. Binjwe and Ms. Akansha Shah were the source incharges of the seminar originated from the company Frameboxx 2.0. Mr. Binjwe, the spokesperson, put forth the importance of VFX, animation, advanced technologies, AR-VR, visual effects, gaming etc during his speech at the seminar.

The agenda of the event was:

1. Welcome session
2. Introduction of our speaker of the day
3. Handing over the session to Mr. Aakash Binjwe
4. Session on various visual technologies and their applications
5. Question & Answer session
6. Vote of Thanks

The use of animation, VFX, CGI, etc is notably evident in today's cinematography. This has not only facilitated a new stream of jobs for its aspirants but also motivated the upcoming generation of creativity to think and do better in the field of arts. The session further progressed towards highlighting the importance of Media and Creative Arts and how it is also connected to the field of our department - Information Technology via AR-VR based technologies considered as an entire subject into the students curriculum.

PRINCIPAL

St. Francis Institute
Of Technology (Engg-college)
Mount Poincur, S. V. P. Road,
Borivli (West), Mumbai - 400 103.

The key topics discussed in the seminar:

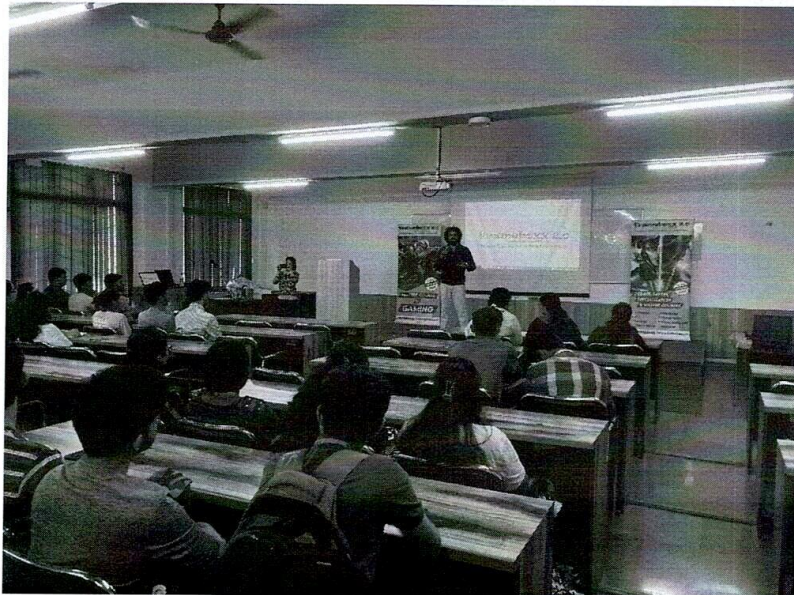

- Animation
- Schemes that facilitate creative arts
- Importance of multimedia and its fields
- Real life cartoon animation examples
- Process of editing
- Production changes
- How does graphic designing affect the animation industry?
- How is animation related to the IT industry?
- Various career opportunities
- Movie clips shown for visual representation
- Q&A session

The total number of participants was 33 including students from the Second and Third Year INFT Department and also including our coordinators Mrs. Shree Jaswal and Mrs. Prajyoti D'silva. Additionally Ms. Priya Chaudhari also attended the session.

By listing various career opportunities that are available due to the increasing need of animation and graphic design in the real world Mr. Binjwe guided all the students over a career path that would be easily underestimated by a lot of people. Visual effects are witnessed by all of us on a daily basis whether it is on Television or on our mobile phones, it is something that not only is aesthetically pleasing but also necessary for better understanding of any process. Thus, its applications also align intricately with that of the IT field as web designing, web development, complex gaming, augmented reality, etc all revolve around graphics and its designing. The information provided was not only an eye opener for the audience but also set awareness amongst all about how well accommodating this field can be with all the opportunities that it has to offer.

Report on "IMPORTANCE OF REPORT WRITING AND USE OF LATEX"

Event Date: July 19, 2023

Time: 10:00 am to 12:15 pm (2 Hrs.)

Venue: TPO Room SFIT (114)

No. of Registered Students: 135(Mech)

Resource Person: Mr. Ansari Vaqar

Description:

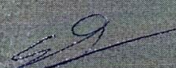

As a part of the Activities of the MESA, a seminar on "IMPORTANCE OF REPORT WRITING AND USE OF LATEX". The resource person, Mr. Ansari Vaqar gave a brief overview of the importance of Report writing for mini project or any research paper related in the near future. Our resource person was Mr. Ansari Vaqar, he is a Professor in Electronics and Telecommunications Engineering and has done his Ph.D. at Mumbai University. He has given a detailed explanation on how a report should be presented. A proper format should be followed while making a Report as well as what should be included in the content.

The following topics were covered during the session:

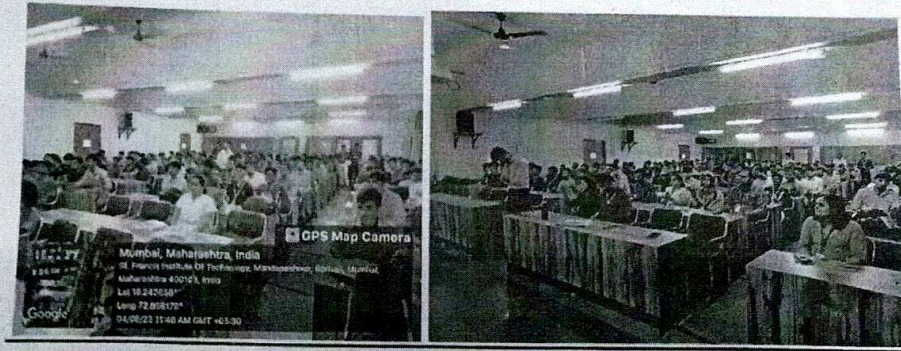

1. Keep a structure while making the report
2. Important sentences should be added in bullet points.
3. Length of the research paper should be minimum 2-3 pages
4. The purpose of the Literature review
5. Key points such as Clarity and Simplicity, grammar, etc. should be checked regularly while revising each draft.
6. The three key stages should be followed during report writing such as planning and preparation, use of visual aids, and presentation.
7. A brief idea of Latex software for writing a report was given.

The session was a big success, as all the participants had shown keen interest in knowing more about the importance of writing a report in the correct format and knowing about Latex software. The Resources person gave the students an excellent understanding about Latex software which our students were ready to learn while making reports for their mini-project.

Images of the Session:

49

Result:

It was observed that many students came to know about the importance of writing a report and how it is presented and what is Latex and how to use it what codes to use, it is helpful for our students at the industrial level, writing research papers and mini projects. Students understood the importance of the session and will remember the importance of the resources they got and make changes accordingly.

Report on "OPPORTUNITIES FOR ENGINEERS IN THE ELECTRIC VEHICLE SECTOR"

Event Date: September 14, 2023

Time: 9:00 am to 11:00 pm (2 Hrs.)

Venue: Auditorium(114)

No. of Registered Students: 135(Mech and ELEC)

Resource Person: MR. VIVEK PATELLA & MR. YUSUF CHOUGLE

Description:

As a part of the Activities under MESA & EESA, a seminar on "**OPPORTUNITIES FOR ENGINEERS IN THE ELECTRIC VEHICLE SECTOR**" was held in collaboration with DIYGURU. The resource person, MR. VIVEK PATELLA – Director of DIYGURU and MR. YUSUF CHOUGLE-Technical Head gave a brief overview of the mindset of students related to unemployment and the scope for electrical and mechanical engineers in the electric vehicle sector. It also shared the importance of core concepts that are required for the engineers in the electrical industry. The students came to know about the various background and technical skills required in not only the EV sector but also the electric industrial market.

The following topics were covered during the session:

1. Stereotypes of the student related to the job opportunities in the electric sector.
2. Issues faced by students related to unemployment.
3. Fundamental concept related to the electrical field.
4. Importance of electric vehicle and its future.
5. Skills required for Electric vehicle engineering.
6. Various fields in the Electric Vehicle sector
7. New job roles and scope of Mechanical as well as Electrical engineers in Electric Vehicle sector.

The session was a big success, as all the participants showed keen interest in knowing more about the opportunities and scope in their respective fields of interest in electric vehicles. As electric vehicle is a growing market, it has a huge scope in its research phase and more development is yet to take place. The resource person delivered an excellent session about the importance and advancement of EV in today's time and was keen about the things happening and how the number of job employment are expected to grow in the various departments of the EV sector. The response and feedback from the participants,

49

about the session were excellent and as a feedback, they would want to attend more sessions like this in the future.

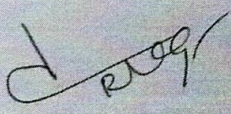

Atten
(Mech)

Images of the Session:

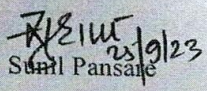

Result:

It was observed that many students came to know about the opportunities and the scope in the electric vehicle sector and various fields to work on as it will be useful for our younger generation. Students understood the importance of the session and will remember the importance of the resources they got and make developments in their career approach.

Report on "Alpha Protocol 2.0"

Event Date: 15th September 2023

Time: 9.00 am to 5.00 pm 15/9/23

16th September 2023

9.00 am to 5.00 pm 16/9/23

Venue: Room No. 423

No. of Registered Students: 346

A. **Description:**

The event focused on the following key points:

- ALPHA PROTOCOL 2.0, an upgraded version of last year's hit event, is set to captivate participants at the annual Mosaic event in our college. This enjoyable techadventure takes participants into the realm of anti-terrorism, where their mission is to defeat a terrorist plot against their college within a limited time frame.
- Teams, ranging from 2 to 5 members, act as sleeper agents, utilizing a bespoke mobile app developed by the Code-X committee to decode clues and save the day.
- The 2.0 version introduces exciting enhancements. Teams can now comprise 2, 4, or 5 members, broadening the participation options. Registration fees stand at Rs 120/- for squads of 2-4 members and Rs 150/- for teams of 5.
- Instead of conventional problem-solving skills, the focus shifts to story comprehension.
- Participants must grasp the hints embedded in their assigned narratives to identify suitable locations across the entire college campus where QR codes are strategically placed by CODEX team.

PRINCIPAL
St. Francis Institute
Of Technology (Engg-college)
Mount Painsur, S.V.P. Road,
Borivli (West), Mumbai -400 103.

- The addition of master clues , riddles , navigate challenges further heightens the challenge. The introduction of a specific timer for each team intensifies the gameplay, emphasizing the need for both speed and wit.
- With enticing cash prizes of Rs 1500/- for the champions and Rs 1000/- for the runnersup, ALPHA PROTOCOL 2.0 guarantees an electrifying adventure where participants must decipher story hints and navigate the campus to locate QR codes, all while racing against time and rival squads to protect their college from potential threats.

Department of Computer Engineering

Report on "React JS Workshop"

Event Date: 28 February 2024

Time: 11:00 am to 1:30 pm

Venue: TPO Room, SFIT

No. of Registered Students: 120

Resource Person: Mr. Carl Mascarenhas

A. Description:

The Codex team organized an impactful ReactJS workshop for second-year engineering students, led by proficient fourth-year student Carl. The session covered ReactJS fundamentals, emphasizing JSX, components, and state management. Participants engaged in a hands-on live project, creating a dynamic website with MovieDB API, Bootstrap, React-Bootstrap, and Axios. Carl's expert guidance facilitated the practical application of these concepts, offering valuable insights and enhancing participants' web development skills.

Carl Mascarenhas, a distinguished fourth-year student pursuing a Bachelor's in Engineering Computer at St. Francis Institute of Technology, recently led an insightful ReactJS workshop for second-year engineering students. With a stellar CGPA of 9.4, he excels in data structures, algorithms, web development, and machine learning. As a seasoned Frontend Developer and Web Instructor at Static Int Educare, Carl has guided 150+ learners, creating a dynamic learning environment. His software development expertise at Finvaluer includes scalable web applications with Next JS, Firebase, and Tailwind CSS. As a freelancer at DeBugged Programmers, he contributed to Python and C++ projects, crafting notable applications like "Virtual Space" and "Alpha Protocol." Serving as an ex-Technical Head at Codex-SFIT and a Lead Instructor for a Django Workshop, Carl brings invaluable commitment and expertise to our students' learning journey.

Professional Achievements:

- Spearheaded a virtual room creation feature in the "Virtual Space" project using Python, Django, SQL, Javascript, and WebRTC.
- Implemented a sophisticated budget tracking functionality in the "Budget Tracker" project using React JS, Django, JWT Tokens, and SQL.
- Led a Flutter-based Android treasure hunt app, "Alpha Protocol," featuring barcode clues, AWS integration, and live leaderboards.
- Demonstrated adeptness in Solidity, showcasing proficiency in blockchain technology.
- As an Ex-Tech Youtuber at ByTive, amassed a substantial following of 16k subscribers, sharing tech insights and content.

Some of the key points covered in the workshop were:

- Introduction to ReactJS Fundamentals
- Importance of ReactJS in Web Development
- JSX: The React Programming Language
- Components in ReactJS: Key Functions
- Anatomy of a React Component
- States in React: Connecting to useState
- Live Project: Movie Website with ReactJS
- React Hooks: useState and useEffect
- Axios for API Calls in ReactJS
- Mapping Data and Error Handling in ReactJS
- Project Completion and Recap

The workshop commenced with a comprehensive introduction to ReactJS, delving into the fundamental building blocks of this powerful JavaScript library. Participants gained a solid understanding of ReactJS concepts, laying the groundwork for the immersive learning experience that followed. As the session progressed, the focus shifted to the significance of ReactJS in modern web development. Through engaging discussions, attendees explored the compelling reasons and benefits that make ReactJS a preferred choice for building dynamic user interfaces. This segment not only highlighted ReactJS's popularity but also elucidated its role in optimizing the development process and enhancing the overall user experience.

The workshop commenced by guiding participants through React installation and environment setup, providing step-by-step instructions and valuable links to official documentation. Key concepts such as state management were explored, with a focus on the practical usage of the useState hook for dynamic form handling. The significance of the useEffect hook in automating processes and enhancing data processing efficiency was highlighted through real-world examples. Essential components like the navigation bar were crafted, offering hands-on experience in component creation and styling. The session culminated with an in-depth exploration of Axios for making API requests, covering the complete lifecycle from request initiation to data mapping and error handling. Throughout, participants were equipped with valuable resources, ensuring a well-rounded understanding of ReactJS and its practical applications.

Moving forward, the workshop transitioned seamlessly into an exploration of JSX, commonly known as the React programming language. Participants immersed themselves in understanding how JSX facilitates the creation of React components, providing a syntax that combines JavaScript with HTML. The intricate details of JSX were unfolded, paving the way for a deeper appreciation of its role in simplifying UI development. This interactive learning process set the stage for the subsequent exploration of React components, elucidating their key functions in constructing user interfaces. The Anatomy of React Components was dissected, providing participants with a clear breakdown of the structural elements that form the backbone of React applications. Throughout these foundational segments, valuable links were shared to external

resources, aiding participants in expanding their understanding of ReactJS concepts and techniques.

The highlight of the workshop was when everyone got hands-on with a cool project! We teamed up to build a lively website using MovieDB info, React JS, Bootstrap, React-Bootstrap, and Axios. It was awesome - the website lets users search and see movie details smoothly. We put together key parts like the navigation bar and input fields, showcasing how React concepts we learned were used in a real project. We even got to play with state management, useEffect, and Axios to make everything work seamlessly. It was a hands-on, practical experience that brought the workshop concepts to life. Everyone left feeling confident and excited about using ReactJS for their own projects!

The workshop concluded on a high note with positive responses from participants who expressed their newfound confidence in applying ReactJS concepts to real-world projects. The interactive nature of the session, coupled with the practical project development, fostered an environment of active learning and collaboration. Participants left with tangible skills, ready to embark on their ReactJS journey with a solid foundation and the ability to create dynamic and responsive user interfaces. The positive feedback underscored the success of the workshop in imparting practical knowledge and empowering participants to excel in ReactJS development.

St. Francis Institute of Technology, Borivali Mumbai

Department of Computer Engineering

Report on "Codexpress 7.0"

Event Date: 27 March 2024

Time: 11:15 am to 1:15 pm

Venue: Sfit, Borivali

No. of Registered Students: 68

A. Description:

CodeXpress 7.0, the flagship coding competition organized by CODEX at St. Francis Institute of Technology, unfolded as a spectacular showcase of talent and innovation on March 27th, 2024. The event, held in Computer Room 128, witnessed a flurry of activity as participants from various disciplines converged to unleash their coding genius. With a mission to foster a culture of coding excellence, CodeXpress 7.0 offered an unparalleled platform for students to test their skills, collaborate with peers, and vie for prestigious prizes and internship opportunities. The competition, open to all STIThians, drew enthusiastic participation, reflecting the vibrant spirit of the SFIT community.

A hallmark of CodeXpress 7.0 was its diverse array of challenges, comprising seven to eight problem statements spanning multiple programming languages. Participants tackled each problem with fervor, employing strategic thinking, problem-solving prowess, and technical expertise to devise innovative solutions. The partnership with Coding Ninjas facilitated a seamless experience, with participants leveraging the platform to submit their code and undergo rigorous evaluation. Moreover, the collaboration with Red Bull added an exciting dimension, integrating a promotional quiz within the competition framework. This synergy not only enriched the participant experience but also underscored the event's commitment to engaging sponsors and enhancing outreach. Overall, CodeXpress 7.0 surpassed expectations, serving as a testament to SFIT's dedication to nurturing talent and fostering excellence in the realm of coding. As the curtains drew on this exhilarating competition, participants departed with newfound insights, invaluable experiences, and a renewed zeal to continue their coding journey.

"Sponsor Contributions to CodeXpress 7.0: Red Bull and Coding Ninjas Partnership"

Red Bull:

1. **Promotional Partnership:** Red Bull joined hands with CODEX to promote the event and enhance participant engagement.

PRINCIPAL
St. Francis Institute
of Technology (Engg-college)
Sauri Poinsur, S.V.P. Road,
Borivali (West), Mumbai -400 103.

2. **Promotional Quiz:** Red Bull introduced a promotional quiz within the competition framework, adding an exciting dimension to the event.
3. **Supply of Refreshments:** As part of the promotional activity, Red Bull provided 70 cans to participants, energizing them throughout the competition.
4. **Brand Visibility:** Red Bull's association with the event increased brand visibility and recognition among the SFIT community.
5. **Contributing to the Event Experience:** Red Bull's support contributed to creating a vibrant and dynamic atmosphere during the competition, enhancing the overall participant experience.

Coding Ninjas:

1. **Platform Provision:** Coding Ninjas provided the platform for hosting CodeXpress 7.0, ensuring a seamless and efficient competition experience.
2. **Problem Statement Preparation:** Coding Ninjas collaborated with CODEX to prepare the problem statements, ensuring a diverse and challenging set of tasks for participants.
3. **Technical Support:** Coding Ninjas offered technical support throughout the competition, ensuring smooth submission and evaluation processes.
4. **Goodies for Winners:** Coding Ninjas provided goodies for the winners of the competition, adding incentive and recognition for their achievements.
5. **Enhancing Coding Skills:** Through their partnership, Coding Ninjas contributed to enhancing the coding skills and knowledge of participants, aligning with the educational objectives of the event.

Upon arrival at the competition venue promptly at 11:00 AM, participants eagerly prepared themselves for the exhilarating challenge that lay ahead. With anticipation running high, they swiftly logged in to the Coding Ninjas platform, the designated host for CodeXpress 7.0. As the clock struck 11:15 AM, the competition officially commenced, signaling the beginning of a rigorous test of coding prowess. Participants immersed themselves in the array of seven challenging questions, each designed to push the boundaries of their technical skills and problem-solving abilities. Throughout the duration of the competition, the vigilant members of the CODEX team stood ready to assist participants, offering guidance and support in navigating any technical hurdles they encountered. Under their watchful supervision, participants were ensured a fair and competitive environment, free from the specter of plagiarism or unauthorized assistance. This structured process not only fostered a sense of integrity and accountability but also underscored the commitment of CODEX to uphold the principles of fairness and transparency in all aspects of the competition.

After tackling the series of coding challenges with fervor and determination, participants shifted their focus to the next segment of the event: the Red Bull promotional quiz. As the coding phase concluded, excitement rippled through the room as participants eagerly awaited the chance to test their knowledge and win coveted prizes. The Red Bull quiz, seamlessly integrated into the competition framework, added an extra layer of excitement and engagement. Participants

Borivli (West), Mumbai -400 103.

enthusiastically scanned the QR codes provided, swiftly immersing themselves in the quiz experience. Upon completion, winners were rewarded with the iconic Red Bull cans, serving as tangible symbols of their achievement and a refreshing energy boost.

In adherence to the legal rules of the partnership between CODEX and Red Bull, the CODEX team meticulously documented the distribution of Red Bull cans. Following the conclusion of the quiz, CODEX team members diligently captured video footage of the winners receiving their prizes. This video documentation served as concrete proof of Red Bull's involvement in the event, ensuring compliance with the terms outlined in the partnership agreement. By adhering to these legal protocols, CODEX and Red Bull reaffirmed their commitment to transparency and accountability, laying the foundation for a successful and mutually beneficial partnership.

Following the distribution of the Red Bull cans, the excitement continued to soar as participants were pleasantly surprised with additional rewards. Each participant was presented with restaurant vouchers and Taskade subscription vouchers, further enhancing their experience and providing tangible incentives for their participation. The restaurant vouchers offered the promise of delectable dining experiences, while the Taskade subscription vouchers opened doors to enhanced productivity and collaboration tools.

With spirits high and anticipation building, the eagerly awaited prize distribution ceremony commenced. Participants gathered in anticipation as the CODEX team took to the stage to recognize and celebrate the outstanding achievements of the top performers. Amidst cheers and applause, winners were awarded their well-deserved prizes, including cash rewards of up to ₹3000, internship opportunities, and special accolades for first-year champions. The atmosphere was electric as participants basked in the glory of their accomplishments, forging lasting memories and friendships amidst the thrill of victory.

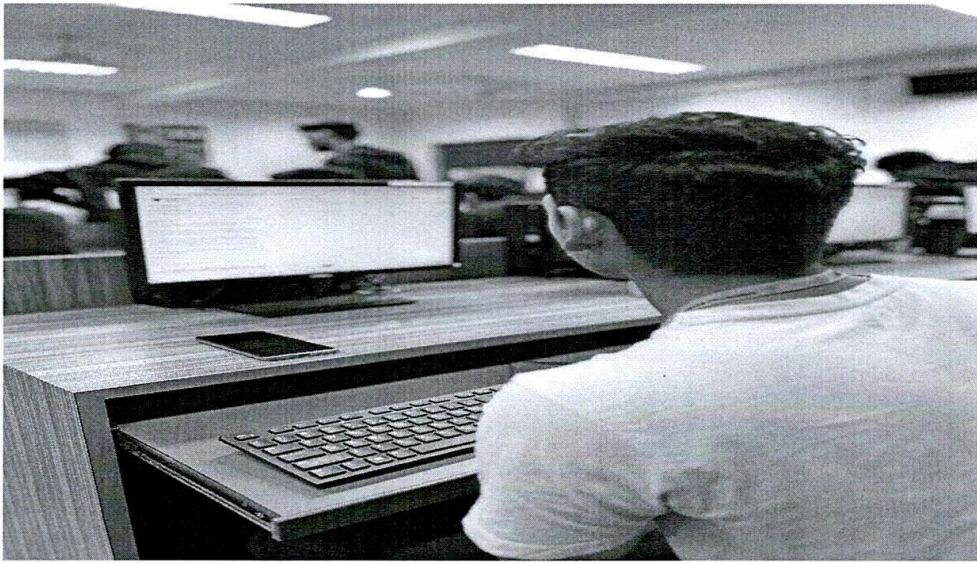

As the event drew to a close, participants departed with hearts full of pride and satisfaction, reflecting on the invaluable experiences and skills gained throughout the competition. CodeXpress 7.0 had not only showcased the remarkable talent and innovation within the SFIT community but had also solidified CODEX's reputation as a pioneering force in fostering coding excellence. With promises of future collaborations and even greater endeavors on the horizon, participants bid farewell to CodeXpress 7.0, eagerly anticipating the next chapter in their coding journey.
